**Comments for Public Posting:** So exciting to have a place to play with our 3 dogs like most San Pedro homes we have a small yard . I've been attending this park for many years. The positive changes have made the park a better place for everyone. The future is bright and hopefully more parks will be used in this positive way that brings so much happiness and joy to so many people.

**Comments for Public Posting:** I really enjoy going to the park with my dogs off leash. They play with other dogs and we even carry extra balls for dogs that like our dogs toys. Our dogs share with other dogs and we have fun getting other dogs to play fetch with us and our pups. We have a grown into very nice community and it makes a great way start to the day. The dogs play much better off leash and give us great joy to watch them play.
