**Comments for Public Posting:** This increase is unjust and NOT in the best interest of the people who vote for you to support us. Stop selling out to developers for you own self interest.

**Comments for Public Posting:** I DO NOT SUPPORT the homeless housing in Venice. I do NOT understand why the City of Los Angeles would grant such PRIME property to homeless people that do not want help/treatment but want a free ride. In every block you go, there are homeless encampments. This is not the Venice that I remember as a child. I have lived in Venice my entire life and it hurts to see what a TOILET the homeless have left my City in. The homeless have more rights than property owners? How can that be? Venice not only brings huge Property Tax revenue to the City of Los Angeles but also big revenue in tourism. With the all the homeless in Venice, tourist will not want to come and visit our great City and one cannot walk to a corner without being harassed by a homeless person. Our children and residents are NOT SAFE.

**Comments for Public Posting:** The Board of the Studio City Residents Association (SCRA) opposes Council File 09-0969-S3 unless non-applicant appeal fees are increased no more than 10 percent from the present fee schedule. The proposed \$16,000 fee would essentially prevent every Stakeholder and Community Organization the right to appeal a decision in favor of a development because they would be financially prevented from doing so.
