Item Number:

Summary: When City Council adopted the Fiscal 2020-2021 budget, it asked for a report to recommend a structure for the reinvestment of \$150 million in funds transferred from the LAPD budget to impacted communities. The report adopted by City Council on December 9, 2020 stated that \$90 million is to be allocated to "Preservation of City Services, Reinvestment in Disadvantaged Communities and Communities of Color, Reimagining Public Safety Service Delivery, and Targeted Local Hire (TLH) Program." The funds are divided among council districts based on their respective share of "highest need" census tracts. Council District 10's share was \$4,549,792. The Mayor vetoed the City Council plan, particularly as it relates to spending for public works projects. UNNC agreed with the Mayor. Now Council members are proposing to alter the allocation of some funds, but it's unclear in the Feb. 26 CLA/CAO Report which of the original expenditures were cancelled. For CD10, the report describes \$3.29 million in reallocated funds, leaving \$1,259,792 not accounted for. The United Neighborhoods of the Historic Arlington Heights, West Adams and Jefferson Park Communities Neighborhood Council (UNNC) remains OPPOSED to the original allocations, but SUPPORTS the new allocations in the CD10 communities. Further, UNNC urges that the not-yet-allocated CD10 fund portions also include funds allocated to begin the process of re-envisioning the abandoned and historical Washington Irving Library at 1803 S. Arlington, and for other community-based organizations/projects. These one-time expenditures must be completed by June 1, 2021.
