**Comments for Public Posting:** In reference to the dirt haul change of route issue - I live less than 10 feet from the proposed site and I have chronic asthma. I need to know exactly where and on what days the haul will be done and I need to know the proximity to my residence where any and all bulldozers trucks and equipment will be situated. I am seeking relocation funds from the developer for those days because these hazards are a life-threatening circumstance for me. So that I can be prepared, I need an accurate and thorough disclosure of what the dirt haul will entail including all times and dates that can be given. THANK YOU.
