Dear Honorable PLUM Committee:

I urge the PLUM Committee adopt the nomination by the Cultural Heritage Commission on April 15th, 2021, without any revisions, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC staff findings as written. The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private country club. Weddington Golf & Tennis complemented and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for its planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the fairways.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely

Dear Honorable PLUM Committee:

I strongly urge that the PLUM Committee adopt the Historic Cultural Monument nomination of the Studio City Golf and Tennis Club approved unanimously by the Cultural Heritage Commission on April 15, which ruled "that the property conforms with the definition of a Monument..." per the City Code.

For decades, Weddington Golf & Tennis has been a public course open to everyone at an affordable price, offering sports activities placing it between a municipal golf course and private club. It complemented the growth of Studio City as a suburb, standing out for its wide open spaces and over 350 trees defining the landscape and fairways.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations. Studio City and the San Fernando Valley need more wide open green space and recreational activities open to all as it grows increasingly crowded with development. Please save this unique treasure.

Sincerely,

Mary Mallory

Please help save these wonderful courts and preserve them for others to enjoy as I did for many years.

Tennis courts throughout the city are disappearing, and we need your help to make sure that doesn't happen here.

Thank you.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private country club. Weddington Golf & Tennis complemented and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for its planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the fairways.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely,
Annie Wiebe

Dear Honorable PLUM Committee:

Please save Studio City Golf and Tennis Club by designating it a historical cultural monument. As a local business owner and community member, I personally enjoy, and know many others who enjoy this special community venue in a neighborhood that has too few green spaces.

Dear Honorable PLUM Committee:

I urge the PLUM Committee to REJECT the nomination by the Cultural Heritage Commission on April 15th, 2021, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments.

The push for turning it into a historic or cultural monument has nothing to do with its actual historical value, and everything to do with scuttling the plans of Harvard-Westlake to develop the property.

Weddington Golf & Tennis holds little historic value. The fact that it's old doesn't make it historic. There are plenty of old buildings in LA, that alone doesn't make them worthy of preservation.

NOBODY goes to Weddington Golf & Tennis because it's a "historic monument". They go there to play tennis and golf. In the Harvard-Westlake plan, the tennis courts will remain, and the golf course will be repurposed so the entire community can enjoy a handful of people that play golf.

Updating the property is a huge boon for the community. We gain access to a pool, a gymnasium, trails, athletic fields, in addition to the aforementioned tennis courts. The environment is helped by processing a million gallons of stormwater runoff. This is not being held back by this desperate attempt to avoid progress and change.

A few golf-ball shaped lights, a dilapidated, unremarkable clubhouse building, and trees of various non-native and invasive species do not constitute a historical monument. I urge the committee to reject this bad-faith effort to scuttle the plans of Harvard-Westlake's historical-cultural monument nomination process.

Sincerely,

I have been a resident of North Hollywood and Studio City since the early 1950's. I remember this area when there were open spaces everywhere, and I even remember when the Weddington Golf area was established! My sixty-year old son le and still plays golf there today! It remains an open and park-like area for all to see and enjoy. **Do we really need to replace it with a private stadium - noisy and traffic-producing? Please, do not allow this to happen? Please vote to keep Wk to enjoy, on site, or out?** Sincerely, Janet Tashman

Dear Honorable Members:

The City of Los Angeles Cultural Heritage Commission has nominated the 16-acre Weddington Golf and Tennis Club for placement on the list of Historic-Cultural Monuments. The West Toluca Lake Residents Association ("WTLRA"), a community of over nine hundred (900) households, supports the Cultural Heritage Commission's nomination. WTLRA also supports the site as it has been traditionally constituted, and with it the precious open space and residential character of the neighborhood to which it belongs. We hope our collective support can defeat this attempt at appropriation of this valuable open space, currently available for one and all to enjoy.

Sincerely,

Tess Taylor

 Dear Honorable PLUM Committee:

I urge the PLUM Committee adopt the nomination by the Cultural Heritage Commission on April 15th, 2021, without any revisions, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC statute that determined "that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private, exclusive club. The property is a public good, and its preservation is in the best interest of the community. The property is a public good, and its preservation is in the best interest of the community. The property is a public good, and its preservation is in the best interest of the community.

Any proposed demolition of this excellent example of a post WWII Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Below, I am also attaching the note I wrote to the Cultural Heritage Commission earlier this year. I hope you will read it as well. Thank you.

Sincerely,
 Justin Hargett

I moved to Studio City from another LA neighborhood four years ago. Since then, the Weddington Golf and Tennis facility has been a staple of my family's life. In particular, the 9-hole par 3 course has allowed me to share one of my favorite hobbies with my neighbors (some of whom have never played the game before). Our perfect Saturday mornings included a stop at the driving range, plus coffee and breakfast from Cafe Southwest.

This is exactly the kind of establishment that our community needs. It's affordable and the staff and patrons are friendly to newcomers. It allows us to share a game—one that is so often reserved for only the wealthy and privileged—together in a public space. The property is a public good, and its preservation is in the best interest of the community. The property is a public good, and its preservation is in the best interest of the community.

To lose the Weddington Golf and Tennis facility to private development would be an irreversible stain on our city. Please, please help us protect this iconic Studio City landmark for future generations. I may not be able to send my children to Harvard Westlake, but I certainly look forward to teaching them how to play golf at Weddington.

I would be honored to testify to this sentiment in any public setting.

Council File:21-0470 || **Case:** CHC-2020-7764-HCM || **Environmental:** ENV-2020-7765-CETo Whom It May Concern:

Dear Honorable Members:

The City of Los Angeles Cultural Heritage Commission has nominated the 16-acre Weddington Golf and Tennis Club for placement on the list of Historic-Cultural Monuments. The West Toluca Lake Residents Association ("WTLRA"), a community of over nine hundred (900) households, supports the Cultural Heritage Commission's nomination. WTLRA also supports the site as it has been traditionally constituted, and with its precious open space and residential character of the neighborhood to which it belongs. We hope our collective support can defeat this attempt at appropriation of this valuable open space, currently available for one and all to enjoy.

Sincerely,

Tess Taylor

Dear Honorable PLUM Committee:

I urge the PLUM Committee adopt the nomination by the Cultural Heritage Commission on April 15th, 2021, without any revisions, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC as determined "that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private tennis club. The property is a well-maintained and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for its planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the property.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely
Diane Gonzales

I have been a patron of the Weddington facility since the 80's. It's where I learned to play golf, where I went to practice, where I spent many happy hours working on my game. Since my wife took up the game, we have both spent Sundays and/or weekday mornings going around the course. We are getting a bit old for strenuous exercise, but this is perfect. I urge you not to let this facility fall to the developers axe, like so many in this city have already done. It's a little gem, that once gone, can never be replaced.

Thank you....

The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private country club. Weddington Golf & Tennis complemented and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for its planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the fairways.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely,
Marc Guggenheim

The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues,

Weddington Golf and Tennis is in a unique position between a public, municipal course and a private country club. Weddington Golf & Tennis complemented and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for its planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the fairways.

Any proposed demolition of this excellent example of a post WWII Era recreational facility will result in a significant loss to the heritage of Studio City.

Further, as a father of two young kids, I've been able to teach them the game of golf at the driving range at Weddington for many years. As they and their interests have grown, we're now expanding into the sport of tennis. Having a public, local golf and tennis location to us has been invaluable in enabling our family to spend more time together while enjoying the outdoors and getting exercise.

There is nothing close to the Sherman Oaks/Studio City area that provides this type of public benefit. In an increasingly congested city, Weddington has allowed not only our family, but thousands of other families to "escape" the city and enjoy the greenery and peacefulness it provides. Limiting access to such facilities to a private institution will further displace the thousands of kids and families in the area that this original location was intended to serve. I believe we need less division in our lives given the current climate we all live in. We should be striving to bring the community together, not dividing them apart.

Please, I urge you to adopt the nomination. Let's keep Weddington Golf & Tennis as the backbone of our neighborhood and an example to other cities around the country of how to foster community.

Sincerely,
Arthur Cuyugan
Sherman Oaks resident

The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private country club. Weddington Golf & Tennis complemented and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for is planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the fairways.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely,

Dear Honorable PLUM Committee:

I urge the PLUM Committee adopt the nomination by the Cultural Heritage Commission on April 15th, 2021, without any revisions, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC staff findings as written. The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private country club. Weddington Golf & Tennis complemented and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for its planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the fairways.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely

Dear Honorable PLUM Committee:

For generations, Studio City Golf and Tennis has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues. I have been an advocated its survival (as it is) for decades and a consistent golf and tennis player since the mid-1970s. I want this to be available forever. You can make this happen.

I urge the PLUM Committee to adopt the nomination by the Cultural Heritage Commission on April 15th, 2021, without any revisions, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC staff findings as written. The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

Dear Honorable PLUM Committee,

First - I am a local resident who has enjoyed Weddington with my family for years. During Covid, it was the one place my daughters could safely play tennis and get exercise. It is truly a special place to the community and I believe losing it would only do harm to our neighborhood and community.

I urge the PLUM Committee adopt the nomination by the Cultural Heritage Commission on April 15th, 2021, without any revisions, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC staff findings as written. I urge the PLUM Committee adopt the nomination by the Cultural Heritage Commission on April 15th, 2021, without any revisions, for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC staff findings as written. The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code.

As a property that for generations has been open to everyone regardless of age, gender, and ethnicity for an affordable price without membership dues, Weddington Golf and Tennis is in a unique position between a public, municipal course and a private country club. Weddington Golf & Tennis complemented and supported surrounding suburban development in Studio City. Weddington Golf & Tennis stands out for is planned landscape, specifically, the number and application of over 350 palm, eucalyptus, and pine trees, to define the fairways.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely
