**Comments for Public Posting:** You can still get and spread COVID if you are vaccinated. Look up Antibody Dependent Enhancement. Is that the 'DELTA' variant? There's no test for Delta, so how do we even know who has it? The CDC changed the requirements for hospitals and clinics to count COVID case. If you are now vaccinated, and have COVID, you don't have to be counted as a COVID case. Only the unvaxxed who get COVID are now the cases counted. The case counts - CDC telling all labs to stop using PCR because they can not decipher between the flu and COVID so we have to stop using them, yet we based all the lockdowns on this PCR test and 'cases'. More people have died in 6 months from this vaccine than all the deaths from previous vaccines in the last 20 years. Harvard did a study on VAERS saying only 1% of adverse reactions are even reported. Now these agencies have their own reporting agencies, like the fox guarding the hen house. Masks: the dirtiest part of your body is the mouth. Why would we sniff bacteria from our mouth all day long? Randomized controlled studies on the CDC website can attest to this. This vax has killed more children than any history of vaccines. This info is all available at - 1000 pieces of literature available from Physician Assistant: miguelaescobar55@gmail.com Please grab a drink, sit back, and listen to Miguel Escobar, Physician's Assistant as he speaks before his school board. Everything he says is 100%.

THANK YOU. May you uphold health and freedom. Joya deVivre, very concerned citizen.

**Comments for Public Posting:** I'm voicing my concern for this vaccine verification system you are contemplating. It is reminiscent of "do you have your papers" from Nazi Germany and it also smacks of anti-immigrant sentiment like "where is your green card" Visions of an vaccine verification sytem like the Immigration Police chasing illegal citizens comes to mind with this vaccine system you are proposing. WE have human civil rights. People have a right to eat to shop. Unvaccinated people may know a family member who had a horrendous adverse reaction or death to the vaccine and they are rightfully scared. Or they may be medically unable to take. Or they may have had recent Covid. Some parent may have a child they do not want exposed to myocarditis. There are myriad of reasons to not take a vaccine under EUA. The science is still evolving and we now know that these Covid vaccines do NOT prevent contracting Covid and do NOT prevent transmission at all. Their viral load is equivalent to an unvaccinated Covid person. In addition it appears their effectiveness wanes by 6 months. In which case a vaccinated person is just like an unvaccinated person in their protect from Covid. The vaccines are not 100% effective either and a vaccinated person could die from Covid. The news is filled especially from Massachusetts and other states most Covid cases are from vaccinated. In addition, Israel and the UK are experiencing a surge of vaccinated positive Covid cases. What you are proposing is just a way to punish people who aren't vaccinated. This is absolutely unscientific and unnecessary

**Comments for Public Posting:** My father almost died from the Swine Flu vaccine in 1976, Three years later, 1979, he did pass. That vaccine likely had much to do with his demise. After 25 reported deaths from the Swine Flu vaccine, the government shut the program down. Yet this current EUA Covid-19 experimental genetic therapy injection, disguised as a vaccine, continues. Even with conservative counts, deaths totals are beyond 11,000 and adverse reactions beyond 100's of thousands. Clearly the facts are being ignored by your council and freedom of health choice disregarded. I am concerned not only for your adult community but for your children!

**Comments for Public Posting:** The big lie has been revealed. The entire pandemic was a scam and COVID is a rebranded flu. You are fools to continue on with the charade. Do you not have access to the internet to see how wrong you are? I am embarrassed and sad for you if you really are so ignorant. If you aren't ignorant and just going along with the show, then I am very angry with you and will not stop until you have been punished for your deception of your own people. You need to go to jail for a long time. You will not be rewarded by your masters, you will be shunned and ridiculed by WE THE PEOPLE OF THE UNITED STATES OF AMERICA.

**Comments for Public Posting:** The vaccines are failing, they've never been proven safe, not approved (emergency authorization), and more deaths have resulted from these vaccines than the total from all other vaccines in the past 30 years. I did not get an email verification the first time so resubmitting.

**Comments for Public Posting:** This proposed requirement is not in correlation with the survival rate of this virus and the alternatives that have not been done. If this is about health address the metabolic rates destroyed by fast food and alcohol (both kept open during this pandemic and quarantine). Help educate all citizens on how to support their immune systems instead of forcing the healthy to receive injections. This is not about public health this is about control. These injections have a toxic lipid called graphene oxide. These experimental vaccines have killed close to 4,000 people with 8,000 experiencing adverse side effects. This vaccine is not safe and should not be forced on anyone. My body & medical choices are mine to make not the city's, popular opinion, or government. A %99 survival rate and we all must be injected? There is no straight line of thinking in this all.

**Comments for Public Posting:** I strongly oppose the proposed vaccine passport. It is unconstitutional. We have unalienable rights over our own bodies. It is unlawful and unmoral to demand we take a medical intervention. Especially one that is causing so much harm. Please stop this immediately. Thank you, Barbara Londo

**Comments for Public Posting:** PLEASE do not pursue instigating anything like a Vaccine Passport for Los Angeles or anywhere!!!! This is DISCRIMINATION in its fullest! ... AND I'M FULLY VACCINATED! Over the decades, we've worked hard to see that everyone has the choice as to what they do with their own body & these vaccine or no-vaccine people do not impact me, or anyone else, because I'm vaccinated! Either you're vaccinated or you're not ... and it is NO ONE'S business either way. I made my choice to be covered, others in this country should have their choice, as well ... without any repercussions (like not being able to enter any place that anyone else can or continue working at their place of employment). I VEHEMENTLY stand up for free choice & NO discrimination for all. And to that end, I renounce anything like a vaccine passport ... and I ask you to do so, too.
