REPORT NO. R 21-0260
AUG 26 2021

REPORT RE:

**DRAFT ORDINANCE FINDING THAT THE PUBLIC INTEREST AND NECESSITY
REQUIRE THE ACQUISITION OF BIKE PATH EASEMENTS OVER SEVEN
PARCELS AND ONE PARCEL IN FEE TO ALLOW THE CITY OF LOS ANGELES TO
CONSTRUCT A CONTINUOUS BIKEWAY FROM EXPOSITION PARK TO THE CITY
OF SANTA MONICA (NORTHVALE SEGMENT)**

**WEST LOS ANGELES
(COUNCIL DISTRICT 5)**

(NOTICE AND OPPORTUNITY FOR HEARING REQUIRED)

The Honorable City Council
of the City of Los Angeles
Room 395, City Hall
200 North Spring Street
Los Angeles, California 90012

Council File No. 09-1295-S5

Honorable Members:

Pursuant to a request by the Public Works, Bureau of Engineering (BOE), this Office transmits, approved as to form and legality, the enclosed draft ordinance, attached as Exhibit A, authorizing the condemnation of seven easements and one parcel in fee to construct a 0.28 mile bike path from Motor Avenue to Overland Avenue in West Los Angeles. This proposed 0.28 mile bikeway is what is known as the

“Northvale Segment” of the overall project to construct a continuous bikeway from Exposition Park to the City of Santa Monica, a part of the Exposition Light Rail Line Phase II Project.

The eight parcels to be condemned in the Northvale Segment range in size from 1,239 to 8,586 square feet. The first seven parcels are already burdened with Restricted Use Easements (RUE), which severely restrict their use. The addresses, Assessor Parcel Numbers, take areas, and appraised values of the parcels are set forth below:

Exposition Bike Path - Northvale Segment Project

Background

The Exposition-West Bikeway-Northvale Segment Project (Project) included an adjacent bikeway from Downtown Los Angeles to Santa Monica. Much of the western portion of the Exposition Light Rail Line Phase II Project has already been completed. However, a significant gap in the Exposition Light Rail Line Phase II Project, between Overland Avenue and Motor Avenue, remains to be constructed. Temporary sharrows were installed on the streets through this segment, but a bike path is necessary to fulfill the promise of a continuous bikeway. The BOE began the Predesign Phase in November 2012 with the full support of Council District No. 5. The acquisition of bike path easements across the seven parcels and one parcel in fee is now necessary to complete this Project.

This 0.28-mile bike path segment will be just north of the I-10 freeway from Motor Avenue to 500 feet east of Dunleer Drive, and is one segment of the overall Exposition Light Rail Line Phase II Project to construct a continuous bikeway from Exposition Park to Santa Monica. The Project includes lighting, signage, striping, landscaping, grading, a retaining wall, fencing, traffic signs, and traffic lights at Motor Avenue.

Project Site Plan

Attached as Exhibit B is a project site plan with a rendering of the proposed bikeway improvements.

Parcel Descriptions and Negotiations with the Property Owners

All of the property owners affected by the Project have received offers to purchase the necessary right-of-way to complete the Project. The City has reached negotiated settlements with five of the 13 parcels needed for the Project. However, the eight remaining property owners and the City have reached an impasse in negotiations, and the City needs to acquire these parcels by eminent domain. Assuming the City obtains a court order for early possession before trial, the City anticipates commencing construction in June 2022.

California Environmental Quality Act (CEQA)

City Council previously approved the Project under Council File 09-0099-S1. Staff subsequently filed a Notice of Exemption for the project, which is attached to this report as Exhibit C. Adoption of the proposed ordinance constitutes implementation of a previously approved project. Thus, no further environmental analysis is required.

Consistency with the General Plan

The Department of City Planning (DCP) has reviewed the Project. On February 19, 2020, DCP concluded that the Project is consistent with the objectives of the West Los Angeles Community Plan, which sets forth the policy to develop an intermodal mass transportation plan to implement linkages to future mass transit service. DCP likewise concluded that the Project is consistent with the Mobility Plan of the City's General Plan. A copy of DCP's written determination dated February 19, 2020, approving the Project is attached hereto as Exhibit D.

Funding Source

The Project will be funded through the Proposition C Anti-Gridlock Transit Improvement Fund, Fund No. 540, Department No. 94, Appropriation Unit No. 94N801, titled "Exposition Blvd. Bikepath Phase 2."

Compliance with Council Rule 38

A copy of the draft ordinance was sent, pursuant to Council Rule 38, to the BOE staff, and their comments have been incorporated or satisfactorily resolved.

Notice and Opportunity to Be Heard

The draft ordinance provides that each person whose property is to be acquired has received notice of the intention of the City Council to adopt the draft ordinance and that each person was given an opportunity to appear and be heard. Pursuant to Code of Civil Procedure Section 1245.235, it is necessary that the Council set a date for the hearing; that the Clerk give at least 15 days' notice of the date for the hearing to each person whose property is to be acquired; and that City Council grant each of those persons the opportunity to appear and be heard. A list of addresses for notice is attached hereto as Exhibit E.

This Office further recommends that it be given the authority to make deposits of probable just compensation in the amounts of the appraised value of each parcel to be acquired. The deposit amount will be obtained from the Proposition C Anti-Gridlock Transit Improvement Fund, Fund No. 540, Department No. 94, Appropriation Unit No. 94N801, titled "Exposition Blvd. Bikepath Phase 2" and will be used to acquire prejudgment possession of the parcels.

Recommended Actions

In accordance with the above, this Office recommends that the Council take the following actions after conducting a public hearing:

1. Find that the information contained in this report and the related Council file has been reviewed and considered by the Council;
2. Adopt the ordinance authorizing the condemnation of the parcels described above and therein;
3. Direct staff to take all action necessary to authorize payments for these acquisitions from the Proposition C Anti-Gridlock Transit Improvement Fund, Fund No. 540, Department No. 94, Appropriation Unit No. 94N801, titled "Exposition Blvd. Bikepath Phase 2";
4. Authorize the City Attorney's Office to make the necessary deposits of probable just compensation and seek orders from the Court to obtain pre-judgment possession of the properties; and
5. Authorize the BOE to continue attempting to secure the parcels through a negotiated purchase and, if successful, to execute all documents necessary to accomplish the transfer of the interest(s) to the City.

If you have any questions regarding this matter, please contact Deputy City Attorney Zakia Kator. She or another member of this Office will be available when you consider this matter to answer any questions you may have.

Sincerely,

MICHAEL N. FEUER, City Attorney

By 

DAVID MICHAELSON
Chief Assistant City Attorney

Sec. 4. Notice of the intention to adopt this ordinance was duly given as required by law under Code of Civil Procedure Section 1245.235, and on the date and at the time and place fixed for hearing, the City Council did hear and consider all of the evidence presented.

Sec. 5. By at least a two-thirds vote of the City Council under Code of Civil Procedure Sections 1240.030 and 1245.210 through 1245.240, the City Council resolves, finds and determines each of the following:

- A. The public interest and necessity require the proposed project.
- B. The proposed project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.
- C. The property sought to be acquired is necessary for the project.
- D. The offer required by Government Code §7267.2 has been made to the property owner or owners of record.

Sec. 6. The City Attorney is authorized and directed to take all steps necessary to commence legal proceedings, in a court of competent jurisdiction, to acquire, by eminent domain, the property interests described herein. The City Attorney is also authorized to make an application for a court order granting the City possession prior to judgment, and is authorized to deposit the amount of probable just compensation with the State Treasurer or the Clerk of the Superior Court. The City Attorney may enter into stipulated Orders for Prejudgment Possession and/or Possession and Use Agreements. The City Attorney is further authorized to correct any errors or to make or agree to any non-material changes to the legal description of the real property that are deemed necessary for the conduct of the condemnation action or other proceedings or transactions required to acquire the property interests.

PROJECT TITLE
Exposition Blvd Right-of-Way Bike Path West Side Extension

LOG REFERENCE
T.G. 632 through T.G. 631

PROJECT LOCATION
Exposition Blvd Right-of-Way from Venice Blvd to Centinela Ave

DESCRIPTION OF NATURE, PURPOSE, AND BENEFICIARIES OF PROJECT:
The City of Los Angeles proposes to construct a bikeway along the Metro-owned Exposition right-of-way from Palms to the City of Santa Monica (Exposition Right-of-Way Bike Path). The project will provide a vital piece of an overall continuous bikeway from the USC campus to the Pacific Ocean. The project begins at the intersection of Venice Boulevard, within the Metro-owned Exposition right-of-way. It then continues west along National Boulevard as a Class II facility to the intersection of National Boulevard and Motor Avenue. It then resumes as a Class I facility continuing west, north of the I-10 Freeway and rejoins the Metro-owned right-of-way at Dunleer Drive. It then continues within the Metro-owned right-of-way as a Class I facility to Centinela Ave.

INTER-DEPARTMENTAL CORRESPONDENCE

TO: Uriel Jimenez, Chief Real Estate Officer II

FROM: Craig Weber, Principal City Planner 
Community Planning Division
Department of City Planning

SUBJECT: **Proposed Acquisition of Right – Of – Way No. 33922 – W.O. No. E1907693 Exposition – West Bikeway – Northvale Segment Project**

The Department of City Planning has reviewed the proposal regarding acquisition of parcels fronting the northerly side of the 10 freeway, west of its intersection with Motor Avenue (generally 3156 Motor Avenue) to its intersection at Northvale Road on the east as well as two parcels in the right-of-way northly of Exposition Metro Light Rail right-of-way between Rountree Road and Overland Avenue along Northvale Road. It is our understanding that the subject properties would be acquired by the City for the purpose of establishing right-of-way for the construction of a bikeway to compliment the Exposition Metro Light Rail alignment.

The subject properties are given a Low Residential land use designation within the West Los Angeles Community Plan, with corresponding zones of R1-1 and R1V2. The subject properties are used for primarily for single family uses however, the eastern parcels are located in the existing Northvale Road public right-of-way and are used for vehicular access. Both Northvale Road, and Walavista Road are designated as Standard Local streets within the West Los Angeles Community Plan. It is our understanding that the subject parcels have been identified as part of the Metro Light Rail Expansion of the Exposition alignment to provide a bikeway along the same alignment.

Relevant to this project, the West Los Angeles Community Plan contains an overarching Policy and Program for the Exposition Right-of-Way Project, and sets forth the following policy:

10-2.1: Develop an intermodal mass transportation plan to implement linkages to future mass transit service.

Program: Exposition Right-of-Way Project – LACMTA has completed a Preliminary Planning Study for the Exposition Boulevard Right-of-Way, a 12 mile-long former railroad right-of-way connecting the Exposition Park/Coliseum area to Santa Monica. The proposed transit way for buses is being envisioned to consist of two major segments – City of Santa Monica to La Cienega Boulevard and La Cienega Boulevard to Downtown Los Angeles. Bus stations would be located at approximately 1 to 2 mile intervals. It will have the potential

to improve levels of service along a major east-west corridor between the Los Angeles Central Business District and the City of Santa Monica.

The selected transportation mode should utilize non-polluting or low-emissions alternative fuels. Mitigation measures should include the installation of sound absorbing hedge walls, or other noise reduction measures.

Based upon our review of plans, we understand that the proposed bikeway will maintain a road width that is appropriate to their bikeway regulations, and that the bikeway as a whole is designed in compliance with relevant engineering standards.

Lastly, in keeping with the City's recently adopted Mobility Plan that includes the Bicycle Plan, appropriate signage assisting cyclists with navigation of the bikeway should be integrated into the project.

With the considerations made above, the project is consistent with the objectives of the West Los Angeles Community Plan, and the Mobility Plan of the City's General Plan.
