**Comments for Public Posting:** The Argyle Civic Association is concerned that this Designation of Prohibited Locations, as currently drafted, does NOT include the Gower / 101 Fwy Underpass. This encampment is one of the most entrenched, notorious, dangerous, and egregious in all of Hollywood and has been the cause of a very recent lawsuit against the City of Los Angeles when a pedestrian was hit by a car by being forced to walk in the street due to ADA violations. We find that the Gower / 101 Fwy Underpass should be near the top of the list of Prohibited Locations for CD13. We are further concerned that the Designation of Prohibited Locations, as currently drafted, includes the Bronson / 101 Fwy Underpass, but does not mention the Bronson / 101 Freeway Overpass, which is congested with RVs, tents, and massive amounts of trash and presents a danger to pedestrians and motorists alike. We applaud Councilmember O'Farrell's efforts to enforce 41.18 but we feel that without the addition of these two locations, this proposal is incomplete as drafted.
