**Comments for Public Posting:** I am in support of Councilmember Raman's resolution calling on the County and State to make policy changes that will create more opportunities for LA food vendors. As a small business TA provider, I have seen firsthand how impossible it is for food vendors to comply with antiquated laws.

**Comments for Public Posting:** I am in support of Councilmember Raman's resolution calling on the County and State to make policy changes that will create more opportunity for LA food vendors. The majority of food vendors in the City of LA have not been able to access the City's permit program because outdated County and State food vending laws make it impossible for vendors to comply with health code. The City of LA should be focused on advocating for vendors and creating more pathways for their participation in the City's vending program, not introducing new measures that could lead to criminal penalties. I urge you to support Councilmember Raman's resolution and continue working with vendors and advocates to ensure the success of the City's street vending program.
