Comments for Public Posting: Hi, Thanks for the opportunity to voice my opinion. I'm a tenant at 400 S Westmoreland Ave, LA CA 90020 (Shatto park area) I can't even find words or where to start with homeless encampment around the area. It has been longer 4 years since we had homeless tents in town and it's growing bigger and bigger. I've reported to my 311 many times but didn't see any changes only once every 3 months cleaning and even that cleaning work was in vain because they were waiting block away and go back to cleaned street again. They're making loud noises at night really late night yelling, putting loud music till 1 or 2 am, riding loud motored bicycles at 1am, trashing our streets worse than India, I've saw half or naked bodies walking around and harassing pedestrians, I don't see students walking our area anymore because there's no room to walk in the first place and so scared and dirty. We have a school just street behind (3rd street) and college on 4th+Shatto place to. I don't feel safe living in my community with these homeless tents around they don't make us feel safe. It's out of our hands and we need serious procedures take there homeless to better place for them as well. It's not living for neither of parties. Safety, sanitary, sanity reasons, we want them out of our town so we can make our town how it used to be. Can't deal with bad odors, yelling, harassing, late night pounding sound, damaged fire hydrant, or being targeted can lead to crime. It's not fair to us. Please make firm procedures and changes for our community and town so we can enjoy living here.

Comments for Public Posting: Councilmember O'Farrell introduced a motion to that includes Clifford Elementary as a specific area for enforcement of LAMC 41.18... Its about time! Something needs to be done NOW. Children attending Clifford School and children/families who live in and around this area, have been harassed by dangerous loiterers daily. There should be absolutely NO drug use, drug sales, prostitution, public nudity, drinking, passed out, belligerent or dangerous individuals ANYWHERE near our schools! Elementary School is supposed to be a safe haven for our children to learn and grow without the threat of dangerous adults. The past year has brought more violence and more drug addicts to this area. The corner of Allesandro and Duane was approved over 2 years ago to receive funding for "beautification" which still has not started. Why has this not happened? Where did the money go? This repurpose of the empty hillside land will help detract individuals from loitering. This is NOT about unhoused people, please STOP that debate.... this is about the physical safety and mental confidence of our children!
