**Council File No:** 21-0739

**Comments for Public Posting:** My family are longtime residents near the Chevron gas station at the corner of Eagle Rock Blvd and Verdugo. We strongly oppose the application to build another car wash facility when there is a car wash 3 doors down the street. We're already having enough problem trying to pull out of our driveway onto Eagle Rock Blvd every morning, and cannot imagine more cars lining up right in front of the intersection backing up traffic down the block. Just last year, a young man was killed right there. People are still leaving flowers and writing on the sidewalk out of shock and heartbreak for the horrible accident. If anything, the City should be doing everything to reduce the traffic near that intersection and not the reverse. We trust the City Council to protect the well-being of us residents and oppose the project.
