

## Communication from Public

**Comments for Public Posting:** I am Lauren Natoli of Housing Is A Human Right. I have recently submitted a regular comment to the Council File for this item. Today, the City's Council File system had posted correspondence asking someone in the Clerk's office to post the Final EIR and appendices in the Council File. I would like to note that while four appendices, I, J, K and L had documents in the file, the links have been and continue to be inactive. I cannot access the appendices. Also, a link to the Final EIR was not in the Council File yesterday and only appeared a minute or so before the 3:00 p.m. start time of this meeting. I note that the Final EIR is not posted on the Planning Department's environmental website nor with the State Clearinghouse. Given the difficulties of the public to see the City's responses to comments on the Draft EIR, when were Council Members provided access to the Final EIR?
