**Comments for Public Posting:** Please let this remain open. I work late hours and the atm and store are the only stop I can make on late nights after work. Thank you

**Comments for Public Posting:** Not everyone has the luxury of having traditional work schedules or even reliable means of transportation to access an ATM or convenience store. Nothing else in that area is open after hours and you'd be really hurting what's become to be a staple, safe, and reliable business for this community. Given the current climate with lack of work force and business struggling, I can't understand justifying this cut in resources and staff.
