**Comments for Public Posting:** In Los Angeles, speeding cars are out of control and a public safety threat to us all, including those that drive them. I am very happy that the city is moving towards implementation of AB-43, and looking to reduce speed limits wherever possible. Please support this council file and move as quickly as possible in lowering speed limits!

**Council File No:** 21-1223

**Comments for Public Posting:** Please move rapidly to lower speed limits in Los Angeles wherever possible! As a former board member of the P.I.C.O. neighborhood council, I have often heard concerns from neighbors about speeding and other unsafe conditions on our streets. Thanks to AB-43, the previous system of ratcheting speeds limits has been abolished. Please lower speed limits (e.g. 15 mph in all residential neighborhoods)!

**Date Submitted:** 10/31/2021 01:36 PM

**Council File No:** 21-1223

**Comments for Public Posting:** I urge you to support this motion, which would move the city towards implementation of AB-43. Reducing speed limits will save lives and make our streets safer for our children, the elderly and disabled, and all Angelenos, including drivers. Please send this item to council and vote to support reducing speed limits wherever possible.
