Comments for Public Posting: My Name is Alfred Torregano I am a single black father born and raised in the city of Los Angeles, I am also the Vice President of the Social Equity Owners & Workers Association and a verified Phase 3 round 1 Social Equity Entrepreneur speaking on item #13. On behalf of our membership and what I personally believe to be what is best for all social equity applicants, we like to thank the honorable Marqueece Harris-Dawson and the honorable Curren Price for introducing this motion 21-1083. However, we strongly request and advise the PLUM committee not amend the LAMC as recommended by this proposed motion because of the unintended consequences it will cause. Instead, we strongly request that PLUM amend the LAMC exactly as recommended by the DCR's executive directors response to the proposed motion, which was published on October 29, 2021. Thank you... With heaps of Gratitude,
