Summary: In a regular monthly meeting of the Westside Neighborhood Council, the board voted to authorize the Chair to advocate for redistricting maps that had advanced to the City Council. The WNC has reviewed the maps and strongly support them because they reflect the High School Attendance Zones within the WNC.

Attention Andrew Westall, Executive Director

I am writing on behalf of the Westside Neighborhood Council (WNC) representing approximately 80,000 stakeholders.

WNC stakeholders feed into several elementary schools, three middle schools and two high schools.

We have reviewed the maps and strongly support them as they reflect the High School Attendance Zones within the WNC.

In 2010 some WNC stakeholders who feed into University High School were removed from CD 4 and placed in CD 1, losing their school board representative for University High School. These maps place them back in CD4 where they belong.

We want to thank the commission for all the time spent listening to and receiving input from the community.

Sincerely,

*Terri Tippit*
