Comments for Public Posting: I support this City Council item recognizing the Santa Monica Mountains Conservancy (SMMC) as a trustee agency will be a big benefit to Wildlife and sensitive habitat. I have been advocating for greater protection for our mountains and for the animals that live there, who call it home. As you know, our public land has suffered tremendously from land development and wildfires. We must protect our public lands from destruction at the hands of developers. I strongly urge the city council to pass this motion. It makes sense to have the Santa Monica Mountains Conservancy (SMMC) protect our mountains. Griffith Park and the surrounding mountains are part of the San Monica Mountains. It should be protected and preserved for future generations. Please, do the right thing. Thank You.
