Comments for Public Posting: I support this City Council item because I am a strong advocate for Wildlife and Environmental protection. We must protect our natural habitats from land development. I oppose Bertoni Memo on the Mulholland Corridor. I do not think it is a good idea to further disrupt wildlife and sensitive habitat. We have already caused so much environmental damage to our public land. We can no longer afford to lose more open space to land development and destruction. I have written comments and spoke to the City Council about this issue. Please, protect Public Land. Don't let Bertoni have his way. I support this motion. Thank You!
