Comments for Public Posting: Dear City Council Members: In response to Council File: 21-1025, "9101 West Pico Boulevard / California Environmental Quality Act (CEQA) / Appeal," I urge you to reverse the Zoning Administrator's approval of well operations at 9101 West Pico Boulevard. In addition to endangering the residents of District 5, the ZA's approval invites non-compliance with its own laws! Since both state and city CEQA guidelines agree that local oil well drilling or other projects do not qualify for the Zoning Administrator's (ZA) automatic exemption from inspection and oversight, and since no Environmental Impact Report on this site has been done after 2000, I want to urge you to initiate proper inspection, oversight and, if needed, closure of this site. Thank you for your consideration, Sincerely, Rabbi Ruth H Sohn
