Comments for Public Posting: Why embolden LA Sanitation to write tickets? You're just exacerbating the vicious cycle. How about we provide SANITATION for our unhoused neighbors? People don't need fines and enforcement—they need housing and healthcare. With what money are folks paying these tickets? Just another excuse to jail folks & get them out of your sight? Another excuse to criminalize our neighbors in their most vulnerable time? Stop the madness. Stop this

Comments for Public Posting: I urge city council to vote NO on agenda item 14. What the heck is this motion? You all really have some nerve to constantly seek to demonize and criminalize poor folks like this. For the life of me, I cannot figure out why you all think that issuing fines to our most vulnerable neighbors is a viable solution to alleviate poverty. This motion directly targets unhoused folks who already face ridiculous citations from LAPD like "object on the sidewalk" and other garbage while merely existing. This is not a solution to our homeless crisis. Please stop with these bogus motions and put forth real solutions like permanent and supportive housing. I feel like everyone in LA has this figured out except for you all.
