Comments for Public Posting: To provide equity in resources and voting, Exposition Park and USC should be divided into the two districts, with one going to District 8 and the other to District 9. From my understanding of the history, this is only fair. Since the 1960s, both locations were apart of District 8, but were moved to District 9 in 2011. To return to some normalcy (for the constituents and resources), it is only fair that one of the locations is returned to District 8.

Comments for Public Posting: It is unacceptable to split studio city into two districts. Keep studio city together. Thank you

Comments for Public Posting: The Village at Sherman Oaks Business Improvement District supports the LA City Council Ad Hoc Redistricting Commission's November 9th Hybrid Map. The map keeps the entire Sherman Oaks Community whole in new Council District 4. This CD4 is the single "Bridge" district between the Valley and the balance of the City. We are very pleased that we get to retain Councilmember Raman. We have built a solid relationship with her and appreciate not having to start over with a new council member. The district is almost 70% Valley majority and we thank the Committee for ensuring that the Valley got its fair share of council districts. Please make sure there are no further map adjustments that could impact the Sherman Oaks Community or the Valley getting its fair share.

Comments for Public Posting: I live near Shatto Park Recreation Center on W. 4th St. near S. Vermont Ave. Currently, our neighborhood is a part of Rampart Village and in CD13. The redistricting plan being considered will separate our neighborhood into two separate districts. I'm a member of Shatto Neighborhood Alliance comprising of numerous renters, property owners and businesses. We're a cohesive group and would like to remain together in CD13. We have a good relationship with City Council member Mitch O'Ferrell's local field office and we would like Mitch O'Ferrell to continue representing us. We're grateful for his courage and leadership enforcing the anti-camping ordinance. Please, please keep us in CD13! Thank you very much for your public service!

Comments for Public Posting: I live in Baldwin Hills, part of CD8 and have done so for the past 27 years. This district is still suffering from lack of community funds and investment following the previous egregious redrawing of district boundaries 10 years ago. The only major commercial enterprise that CD 8 has is the Baldwin Hills Crenshaw Mall which is currently in disrepair and but abandoned. Prior to 10 years ago CD8 also included USC and the Exhibition properties but a 'land grab' took place and removed those properties from our district. Now is the time to correct that wrong and reinstall USC and the Exhibition properties BACK to CD8. It is essential that this takes place if CD8 is to regain it's once better funded strength. Please ensure CD8's voices are heard.

Comments for Public Posting: I have been a resident of Baldwin Hills for the past 22 years and the district is still suffering from lack of funds following the redistricting that occurred 10 years ago. It is my opinion that we have a perfect opportunity to right the wrongs of the previous decision and reinstall USC and the Exhibition properties back to C8 where they belong. In addition, any attempt to split CD10 must be opposed and must not take place. This would fracture and weaken CD10 irreparably and it would be impossible to rectify.

Comments for Public Posting: Regarding redistricting in Council District 8 As a resident of CD8, I respectfully ask that the assets previously taken away be returned to ensure that the voices in our community are equitably heard. Council District 8 used to include and represent USC, Exposition Park and its surrounding community. Please return the assets previously taken away from the 8th Council District. With Appreciation, Diana Price diana@dianapriceassociates.com
