Comments for Public Posting: As a Venice stakeholder (owner of two properties in the Silver Triangle of Venice, I am writing to formally state my opposition to the Venice Median Project, formally known as the Reese-Davidson Project. I oppose this project, unequivocally. Why has this project been allowed to progress without the standard and customary studies required for every other project. To add insult to injury, I hear that the PLUM hearing has, yet again, been delayed to 12/7, and that on 12/1, the project will be moved directly to a City Council vote? This action is unprecedented. The appearance of corruption and negligence is beyond comprehension. Cease and desist.

Comments for Public Posting: Mike Bonin is a disgrace. He is universally hated in Venice, Pacific Palisades, Brentwood and everywhere else. Any of his ideas should be thrown out with him as he will be recalled and voted out in the next few months. We despise him and we think, he should move back down to Skid Row and see how his kid feels living amongst the walking dead there. Disgrace.

Comments for Public Posting: I am in opposition to this large scale Monster Project. I am a native Angelino who throughout my 62 years have frequented Venice Beach. This project is too large and will permanently eliminate the beach view and parking. This massive building does not belong in Venice or anywhere near residential homes.

Comments for Public Posting: Mike Bonin continues his anti-Venice Agenda. He arranged to scrap the important Planning and Land Use Management Committee ("PLUM") "Venice Median Project" hearing scheduled for December 7th and move it directly to a City Council vote on December 1st. Not only is the potential devastation of this ill-begotten project both real and documented, but this most recent action by Bonin is virtually unprecedented; another desperate attempt to silence the voices of the residents and taxpayers of Venice and CD 11, the very people he falsely claims to represent.
