Comments for Public Posting: I am writing to urge the City Council to vote YES on SB9 Ordinance. My husband and I live in the Century Glen neighborhood of West Los Angeles. We are already sharing our neighborhood with many multi-family dwellings. I beg you to let there be some local control over any more development. We're drowning! Thank you.

Comments for Public Posting: I have lived in miracle mile my whole life. Since I was 7 years old. I am 74. I do not believe that the vote amongst owners of real estate & tenants for the HPOZ was legal. Tenants do not have a vested interest like owners . I am against developers buying & tearing down single family homes or duplex's to build big apartment building & destroying historic property that is currently in an HPOZ area. If I must abide by HPOZ restrictions on our privately owned house that I do not feel that they should be able to buy real estate in our HPOZ neighborhood & tear it down & build big apartment buildings that do not comply with HPOZ laws & rules. If they are allowed to do this I want to withdraw our privately owned house from the HPOZ. When our parents bought our house 59 years ago we never agreed to this. When my spouse & I bought our house from my parents estate we never agreed to this. I want to be governed by the same rules the developers are. This is private property & the HPOZ never gave us anything in consideration to be able to justify us being in a HPOZ. We already have parking problems & too much traffic this is the last thing we need. We need LAPD & our council members & governor to solve the homeless problems & make miracle mile safe again.
