## Communication from Public

**Name:** Rhonda Hayter

**Date Submitted:** 12/09/2021 04:34 PM

**Council File No:** 21-1414

**Comments for Public Posting:** Dear Council President Martinez, My name is Rhonda Hayter I implore you to convene the City Council to hear Councilmembers Blumenfield and Koretz's measure CF21-1414 and to adopt the measure to establish temporary rules applicable to projects filed under SB 9, before the end of 2021. People fought very hard to preserve the character of the city with the HPOZs. Build up the corridors all you want (with affordable housing hopefully) but leave the neighborhoods intact and not at the mercy of rapacious development. The neighborhoods are the soul of the city. Please don't be the City Council President to oversee their demise.

**Comments for Public Posting:** Dear Council President Martinez: My name is Mary Louise Monahan. I own a house in the Miracle Mile area. I beg you to convene the City Council to hear Paul Koretz's measure CF 21-1414 & to adopt the it to enact rules for any projects filed under SB9 before the end of 2021. It is critical that L.A. pass the measure before Dec. 31, 2021 to guide the implementation of SB9 projects across the City prior to 2022 when SB 9 goes into effect. Sincerely, Mary Louise Monahan

## Communication from Public

**Name:**

**Date Submitted:** 12/09/2021 01:41 PM

**Council File No:** 21-1414

**Comments for Public Posting:** I support 21-1414. It is important City Council pass 21-1414 NOW, as it addresses SB9 areas the city CAN have some control over, as developers and spectators descend upon Los Angeles communities with no oversight or guidance at all. Particularly concerning are vulnerable Hillside and Very High Fire Severity Zones not protected under SB9. With predictions of many more fires to come, in the midst of one of the worst droughts in L.A. history. Also, there is absolutely no required Affordable Housing in SB9, so hopefully city council will address that, since Los Angeles, according to The Chief Legislative Analyst Report, is building BEYOND State Requirements, and does not have a Housing Crisis but has an Affordable Housing Crisis, and these state bills will hinder any desperately needed affordable being built here, since upzoning increases land value, so SB9, and other state housing, land use bills like it, prohibit any affordable being built.. SB9 will not help the Homeless Crisis, the worst Homeless Crisis in the country, it only allows adding more unaffordable UNITS to Single Family communities, and will cause displacement and gentrification..from those working class ethnic and single family communities of color, who are targeted first.. PLEASE President Martinez, do not ignore this Motion any longer. It is URGENT it is voted on and passed ASAP. Councilmembers Koretz, Blumenfield and Raman have a good thing here. For all of our Los Angeles communities, get Motion 21-1414 voted on and passed BEFORE it's too late..BEFORE SB9 becomes LAW, January 1st. Thank you!

**Comments for Public Posting:** Who is it that has no regard for the original scope of our neighborhoods or for us, the homeowners? I am a 4th Generation Los Angeles native and I am appalled at what is being allowed to happen in my West Adams neighborhood. The developers have already begun to overbuild, right up to the setbacks, towering over the original bungalows, taking away pride of ownership and privacy. Look at 3020 West Blvd, which by the way is still following the pre-SB9 guidelines—imagine if the lot was split into two lots and this was allowed to go even higher with more units) and what is being built at 3044 West Blvd. Who are the Principals in those LLCs? They are not neighbors. They go home in the evening to their protected, gated subdivision in Orange County while they construct massive eyesores, absolute architectural trash, in our neighborhood. And to lessen the parking requirements on new builds in a TOC is a joke. The Metro police unit has been disbanded so it's not safe but more than that, Los Angeles is a sprawling city and will always be a car town. To believe that anyone moving into these new units doesn't own a car is a fantasy and our parking situation will only get worse when you take away parking requirements. Our quality of life, which we all worked so hard for, is being stolen. Have some respect for the people you are supposed to represent and protect us and our neighborhood from this disaster waiting to happen that is SB9.

**Date Submitted:** 12/09/2021 01:56 PM

**Council File No:** 21-1414

**Comments for Public Posting:** Dear LA City Council President Nury Martinez; We urge you to bring local control back to development decisions in our neighborhoods in Los Angeles. SB9 is an affront to democracy. Without the ability to fight for our communities Los Angeles will never be the same city people like you and your family and me and my family have fought all of our careers to make better. As you you we worked together in the past on municipal leadership and you know my work and the work of Bob Jimenez to bring about public policy changes to diversify and rebuild LA after the 1992 riots and when we worked to bring about a new city charter in 1999. SB9 never had the support of the community where we live now in Miracle Mile. We urge you to bring Councilman Koretz's measure to a vote of the City Council and maintain the voices of our communities in the decisions that affect our daily lives. We are counting on you Nury Martinez to make the work we've accomplished over a lifetime count to keep the voices of voters strong in our city of angels. Sincerely, Sharon and Bob Jimenez 1109 South Orange Drive LA CA 90019 3104093306

## Communication from Public

**Name:** Cathy

**Date Submitted:** 12/09/2021 04:05 AM

**Council File No:** 21-1414

**Comments for Public Posting:** Councilmember Martinez, As 27 years residents of Hancock Park, we are very disappointed that council file 21-1414 was not brought before the Council for a full Council vote. We worked with Councilmember Koretz's staff to draft a motion on how to implement SB 9 that goes into effect on January 1, 2022. We worked closely within the parameters of the bill to place safeguards on specifically allowed provisions. We were not trying to render the bill ineffective but rather make it better for our communities. We managed to get support from many council offices and were able to secure support from CM Koretz who introduced the motion, CM Blumenfield that moved the motion, and CM Raman that seconded it on Dec. 1, 2021. We were able to have the bill waived out of the PLUM committee but then it was stopped by your office making it impossible to receive a vote by the full Council in time for the December 31, 2021 deadline. This motion would simply make it a little harder for land speculators to have a hay day at our neighborhoods expense. We have watched as developers hold statewide Webinars titled "make lots of money on SB 9" and yet this motion was not given a full council vote in time to protect the residents of LA. You spoke eloquently in City Hall about the loss of credibility Sacramento has on land use issues and yet the Council does not stand up for LA. At this point, we hope that you will schedule a vote for this motion quickly upon the Council's return from Holiday Recess. We can not leave LA open to the whims of land speculators and developers. We have an 85 page study on affordable housing and are ready to share our thoughts with you but we and that includes communities of color are made vulnerable everyday this draft motion is not voted on. We need work on paths forward to solving the affordable housing crisis. Land speculation is causing the rise of housing prices. Your recent draft ordinance to protect communities from land speculation is welcome. But this is a global issue that is being met with aggressive action by many countries throughout the world. We need to be proactive on this front and CF 21-1414 is one step forward toward protecting communities. Thank you, Cathy and John Jones

**Council File No:** 21-1414

**Comments for Public Posting:** Dear Council President Martinez, My name is Paul Soroudi. I implore you to convene the City Council to hear Councilmember Koretz's measure CF21-1414 and to adopt the measure to establish rules applicable to projects filed under SB 9, before the end of 2021. It is critical that the City of Los Angeles enact this measure before December 31, 2021, to guide implementation of SB 9 projects across the City prior to the beginning of 2022 when SB 9 goes into effect. Urgently, Paul Soroudi
