Comments for Public Posting: Dear Council President Martinez, My name is Tasha Le Mel. I'm an L.A. native and I'm very disturbed by the recklessness with which the character of our beautiful city is being destroyed. Visual representations of our history are, sadly, both scarce and finite. I'm not against progress, but I am opposed to the unimaginative homogeneity with which greedy developers are replacing our beautiful historic homes, cultural landmarks and places of historic interest. Please don't forget that, while the Mayor and City Council hastily sell our city to the highest bidder, L.A.'s history is one of the main (if not the primary) reasons for tourists to visit. As historic L.A. disappears, so do the reasons to visit. Too much is already gone. I implore you to convene the City Council to hear Councilmember Koretz's measure CF21-1414 and to adopt the measure to establish rules applicable to projects filed under SB 9, before the end of 2021. It is critical that the City of Los Angeles enact this measure before December 31, 2021, to guide implementation of SB 9 projects across the City prior to the beginning of 2022 when SB 9 goes into effect. Urgently and sincerely, Tasha Le Mel

Comments for Public Posting: I support the motion by Paul Koretz and Bob Blumenfield. I would like to recommend adding to the Exemptions, that Special consideration for culturally sensitive areas that are NOT yet officially recognized by L.A. City or County ordinances be included. The local Legislators in culturally sensitive areas should be consulted and authorized to designate historic status regardless to official listing. This exemption would safeguard SB9 from erasing these historic neighborhoods of color like Crenshaw Manor and other surrounding single family residential neighborhoods that have rose above adversity to become neighborhoods of pride and strength.
