Dear Chair De Leon:

I am writing on behalf of Homeboy Industries to support Councilmember Gil Cedillo's proposed legislation for Overdose Prevention for People Experiencing Homelessness (PEH) (Council File 21-1415). Approximately 70% of Homeboy Industries clients fall within the definition of People Experiencing Homelessness.

This important legislation would require and expand Nalaxone training and resources for service providers and City staff who work with people experiencing homeless. It also helps identify Federal and State legislation for the City to consider that intends to increase access and reduce barriers to care and coordination.

According to The Los Angeles County Department of Public Health, Center for Health Impact Evaluation released a report on **Recent Trends In Mortality Rates and Causes of Death Among People Experiencing Homelessness (PEH) in Los Angeles County, January 2021**. Drug overdose has been the leading cause of death among people experiencing homelessness (PEH) since 2017. For the combined years of 2017-2019, PEH were 36 times more likely to die of a drug overdose than people in the general LA County population. 273 PEH died of overdoses from January through July of 2020, compared to 205 during those same months in 2019-a 33% increase. This increase was driven largely by the more frequent involvement of fentanyl in overdose deaths among PEH in 2020 compared to the prior year.

Provisional data from CDC's National Center for Health Statistics indicate that there were an estimated 100,306 drug overdose deaths in the United States during 12-month period ending in April 2021, an increase of 28.5% from the 78,056 deaths during the same period the year before.

Please schedule this legislation to be heard in January 2022 in the Homelessness and Poverty Committee and add this letter to the council file. Your support is needed to ensure we end homelessness with housing not overdoses.

Sincerely,

A handwritten signature in blue ink, appearing to read "Thomas Vozzo", with a long horizontal line extending to the right.

Thomas Vozzo
Chief Executive Officer
Homeboy Industries

Hope has an address.
