MAYOR

December 30, 2021

Honorable Members of the City Council
c/o City Clerk
200 North Spring Street, Room 395
Los Angeles, CA 90012

**Re: NOTIFICATION OF REQUEST FOR AUTHORITY TO ACCEPT \$53.3 MILLION
IN FUNDING FROM THE OFFICE OF THE GOVERNORS CALIFORNIA
VOLUNTEERS FOR YOUTH EMPLOYMENT PROGRAM EFFECTIVE
JANUARY 2022 THROUGH JUNE 30, 2024**

Dear Honorable Members:

The Mayor's Office of Economic Opportunity, is providing notification to the Los Angeles City Council of the funding award from the Office of the Governor's California (CA) Volunteers to continue the expansion of youth workforce development programs through the California For All initiative. The California For All initiative will provide transitional work and additional employment-based social services to youth between the ages of 16 and 30.

Proposals will be accepted by the California Volunteers on a rolling basis starting November 22, 2021 and are due at 5:00 p.m. Pacific Time on Friday, December 31, 2021. Applicants will be notified if their application meets the program design requirements on a rolling basis and programming can begin as soon as the applicant has been notified by CA Volunteers that program design is approved. The Mayor's Office of Economic Opportunity requests the authority to accept funding in the amount of \$53.3 million for the performance period of January 1, 2022 through June 30, 2024.

I. BACKGROUND

The Californians For All Youth Workforce Development Program is a Governor's initiative administered by California Volunteers in partnership with California cities. CA Volunteers is the State Service Commission for California and is responsible for engaging

Californians in service, volunteering, and civic action to tackle our State's most pressing challenges and lift-up all communities. The Californians For All Youth Workforce Development Program will bring together youth across the state to help address urgent challenges in their communities, while simultaneously learning key skills and earning money to help prepare them for future careers.

Upon approval of the grant application from CA Volunteers, cities will recruit, train, and place high need youth at jobs in a new or existing youth workforce development program. Cities are responsible for selecting or creating these job positions and recruiting, hiring, and managing youth. Cities are encouraged to sub-grant to existing community-based organizations (CBOs) with the capacity to manage these programs in areas where feasible.

Programs may run continuously or be structured as intermittent summer programs. Regardless of the length of a program, all positions must be 50-100% full-time equivalents (FTE).

Program Goals

The program has three primary goals:

No.	Outcomes
1	Increase youth employment.
2	Develop career pathways.
3	Strengthen city/community capacity to address key areas of food insecurity, climate, and COVID-19 recovery.

II. PROGRAM DESIGN

Funding can be used to create new programming and/or expand existing youth workforce programs within the requirements of this grant. Programming can be run year-round or as an intermittent summer program. Regardless of program length, all positions must be 50-100% FTE and all funds must be encumbered and expended by the end of fiscal year 2024. Cities are highly encouraged to place participants in job opportunities in three focus areas for the program, which are climate, food insecurity, and local COVID-19 recovery.

Youth Eligibility Requirements

All participants must be between 16 and 30 years of age. The CA Volunteers grant encourages cities to place participants in job opportunities in the areas of climate, food insecurity, and local COVID-19 recovery. In addition, the grant requires that 75% of the City's selected participants should meet at least two of the criteria listed below:

- Have not participated in an AmeriCorps program
- May have difficulty finding employment
- Are low-income
- Are unemployed and/or out of school
- Are or were justice-involved
- Are in or transitioning from foster care

- Are engaged with the mental health or substance abuse system.

City programs will engage with low-income youth populations citywide. Youth placement goals will be in place for all CA Volunteer programs using the current Area Planning Commission (APC) data on poverty. Table 3 below provides proposed data and target enrollments by APC.

Table1: Work Experience Slot Allocations by Region

Area Planning Commission (APC)	Percent of People in Poverty in the City	Total by APC
South Los Angeles	29.1%	1,191
Central Los Angeles	19.7%	806
South San Fernando Valley	14.9%	610
North San Fernando Valley	14.3%	585
East Los Angeles	10.3%	422
West Los Angeles	6.5%	266
Harbor	5.2%	213
Total	100%	4,093

Metrics/Reporting

Cities will be required to report metrics on a quarterly and annual basis to CA Volunteers in a format and method to be specified by California Volunteers. Based on the list of projects in Section III, Proposed Projects/Budget Allocation on the next page, the following metrics will be reported to CA Volunteers:

Table 2: Program Outcomes

No.	Outcomes	Goal
1	Number of youth participating in program	4,093
2	Number of youth employed in each focus area:	
	a. Food Security	160
	b. Climate	135
	c. COVID 19 Recovery	2,608
3	Number of youth enrolled in job training/readiness programs	3,070
4	Number of youth completing job training/readiness programs	3,070
5	Number of youth participating in summer program (if applicable)	300
6	Average wage and hours worked of participants across program	Varies

Additionally, California Volunteers requires cities to report the data outcomes, where feasible, on a quarterly and annual basis to California Volunteers in a format and method to be specified by California Volunteers. The outcomes proposed in Table 3 below are

based on the list of proposed projects in Section III, Proposed Projects/Budget Allocation on the next page. These outcomes, along with stories from participants, will be used for the California Volunteers annual report.

Table 3: Additional Outcomes

N o.	Outcomes	Goal
1	Number of youth employed in program who were previously unemployed	4,093
2	Number of youth who complete full program (1 year or summer program)	4,093
3	Percentage of youth employed in program who remain in college or stable employment	75%
4	Percentage of youth employed after completion of program	75%
5	Percentage of youth who report job satisfaction after one year of employment, as reported by a survey	80%
6	Percentage of youth who report an interest in a career in public service after one year of employment, as measured by a survey	50%
7	Percentage of youth employed in public service after one year of employment	50%
8	Job training evaluations	75%

III. Proposed Projects / Budget Allocation

In developing funding recommendations for the California For All program, the Mayor's Office sought to build upon innovative programs implemented by City Departments that helped increase access to economic opportunity for high-barrier youth in the City of Los Angeles. Proposed programs listed below build upon existing programs that can be implemented immediately.

IV – Program Administration

City applicants that are awarded grants through this program will be required to submit quarterly and annual reports on expenditures and various performance measures identified. The Economic and Workforce Development Department will be designated as the City's fiscal and administrative lead for this initiative. As the City department responsible for administering youth workforce development programs, EWDD is best suited to administer this grant and adhere to the grant reporting requirements. Included in the list of program recommendations is funding for the Youth Development Department to support program coordination activities, including the proposed evaluation of funded programs.

Section 1: Program Strategic Goals and Outcomes

The COVID-19 pandemic has amplified existing inequities in the public education system and deepened the crisis of disengagement and disenrollment from higher education programs among Black and Latinx students across the City of Los Angeles (City). The pandemic's impacts have been particularly devastating in poor communities of color, compounding injustice in health care, job opportunities, housing, and family stability. The CaliforniansForAll Youth Workforce Program represents a bold, urgent, and effective response to the ongoing health and economic crisis. This funding will empower localities like Los Angeles with much-needed resources to mobilize the hard-working spirit of its young residents and scale its efforts to address the harmful impact of the pandemic on the City's most vulnerable communities. Through the CaliforniansForAll Youth Program, the City seeks to expand innovative programs developed during the pandemic that will provide job skills training and paid employment to high-need young people in communities most impacted by the COVID-19 pandemic. These programs are in alignment with the core goals of the Youth Workforce Program grant that include: increasing youth employment, developing career pathways in public service, and strengthening city/community capacity to address key areas of education, climate, food insecurity, and pandemic recovery. In all, the City has identified programs spearheaded by several of its departments and multiple service providers and partners, including the Mayor's Office of Economic Opportunity (MOEO), the Economic and Workforce Development Department (EWDD), the Department of Public Works (DPW), the Youth Development Department (YDD), the Community Investments for Families Department (CIFD), and the Department of Recreation and Parks (RAP). This unified and committed collaboration of citywide leadership will enable the City to leverage existing funding to serve a greater number of young people who have experienced significant hardship from disparities in job loss and economic insecurity, as well as to help reverse educational loss and disconnection.

Section 2: Program Design and Focus Areas

The youth will be participating in programs that are in alignment with the core goals and priority areas of the Youth Workforce Program grant that include: increasing youth employment, developing career pathways in public service, and strengthening city/community capacity to address key areas of education, climate, food insecurity, and COVID-19 recovery. Brief descriptions of the proposed programs, key areas, number anticipated to be served and total cost that will be supported through this grant are as follows:

Proposed Project and Key Areas Addressed	Project Description and Partners	Number anticipated to be served	Total Cost
Angeleno Corps Key Area: Career Pathing (768); Food Security (32)	Angeleno Corps provides a 10-month internship and program evaluation for young adults, ages 18-30, impacted by the pandemic. This program seeks to reconnect youth into education through enrollment in a community college while provide meaningful work experience on one of 4 priority sectors. This funding will expand Angeleno Corp to serve 800 participants over 3 years and will add food security as a new sectors, through Sustainable Economic Enterprises of L.A., FamilySource Center food distribution sites. Partners include: EWDD, 48 non-profit worksites including 16 FamilySource Centers, 10 Domestic Violence Organizations, and Promise Zone worksites	# served: 800	\$10,000,000
Student to Student Key Area: COVID19 Recovery	Student to Student program provides LAUSD youth work experience by tutoring younger children within their household. The program seeks to offset educational loss experienced during the pandemic through increased educational supports. This funding will expand the Student to Student program to include a program evaluation and serve 800 participants over 3 years. Partners include: EWDD, LAUSD, LACCD	# served: 800	\$2,762,50
LA:RISE Youth Academy Key Area: COVID19 Recovery	The LA:RISE Youth Academy serves youth 18-30 experiencing homelessness through the successful LA:RISE program model. Youth are provided 300 hours of transitional employment, wrap around services including housing and other social services. This funding will expand existing program to serve 800 homeless youth over 3 years. Partners include: EWDD, LA Rise service providers	# served: 800	\$5,625,000
LA Community College - City Pathways Key Area: Career Pathways	This project will create a new 12-month, internship program for LA-area LACCD students. Sub granting with CBOs and Organizational Experience

These programs include a broad pool of service providers to address the needs of our youth population and to expand the ecosystem and capacity building for local non-profits across the multiple programs that include: City of Los Angeles Workforce Development System service providers, comprised of 16 WorkSource Centers, 14 YouthSource Centers and LA:RISE service providers, Public Works Office of Community Beautification, the Los Angeles Conservation Corp, the Los Angeles Community College District (LACCD), Los Angeles Unified School District (LAUSD), First Five LA, Early Childhood Development Consortium Workforce Development Collaborative, UNITE HERE's Hospitality Training Academy, the Los Angeles Homeless Services Authority (LAHSA) among other key partners. All organizations involved in the various programs have significant experience and decades of working with the City in delivering services to the City of L.A. youth. While the partnership in some programs extends beyond CBO's, in compliance with allowable activities under this grant program participants will not be placed at for profit organizations. All expenditures and activities will be in compliance with Coronavirus State and Local Fiscal Recovery Funds requirements.

Program Activities, Youth Job Activities and Partners' Roles

Angeleno Corps is a 10-month, intensive service, support, and education program designed to engage young Angelenos in community recovery efforts in our City's neighborhoods most impacted by the COVID-19 pandemic. The program recruits and deploys young people to provide service to hard-hit communities. Angeleno Corps also recruits Service Leaders, who coordinate and lead teams of corps members. Corps members will serve in one of six recovery and equity priority areas: Education and Child Care; Health Equity and Environmental Justice; Digital Equity ("Future Tech Corps"); Family Immigration Assistance; Food Security; Climate Corps. Corps members are placed at partner community-based organizations. The City's YouthSource Centers serve as the employer of record for Corps members and provide them with specific job skills training before deployment.

Student to Student (S2S) program funds job skills training and paid work experience for 800 students attending schools in higher-poverty areas of the City. The student tutors work 150 hours at a rate of \$15 (minimum wage) per hour. The 150 paid hours consist of 20 hours of job skills training and 130 hours of tutoring work experience. Each one of the employed students tutor at least one younger student after school and/or on weekends. The City's YouthSource Centers and Hire LA's Youth service providers (LAUSD and Managed Career Solutions) facilitate the job skills training for the student workers. LAUSD leverages their administration, instructors or staff that support the program at no cost ratio of approximately one staff for every 40 students.

LA:RISE Youth Academy: This program serves youth 18-30 experiencing homelessness through the successful LA:RISE program model. Youth are provided 300 hours of transitional employment with participating social enterprises, wrap around services including housing and other social services. This funding will expand the existing program to serve 800 homeless youth over 3 years. The Economic and Workforce Development Department (EWDD) will partner with the Los Angeles Homeless Services Authority (LAHSA), Los Angeles Unified School District (LAUSD), community colleges, and other City departments as well as social investment groups such as REDF to connect homeless youth or high-barrier youth at-risk of homelessness to transitional employment and wrap around services.

Los Angeles Community College – City Pathways Initiative: LACCD students currently enrolled at one of the 9 LA-area community colleges interested in public service will be provided a paid internship with a participating City department. Interns will be provided meaningful work opportunities that allow students to explore career interests. Opportunities may include police and fire, engineering, information technology, recreation and parks, animal services, planning and public policy, economic development, social service work.

Los Angeles River Rangers: Multiple work crews of ten (10) members each will be formed to caretake a specific stretch of the Los Angeles River's public spaces, where they will get to know the facilities, users, upkeep needs, and communities along that area of the River. Each crew will have a crew lead and several specializations to focus on varying upkeep needs such as native plant care, pavement and path care, and removal of trash, graffiti, and other nuisances.

Clean LA: The program focuses on employing 200 low-income, high-barrier city residents to perform community beautification and street clean-up services in the areas of the City with the greatest need. Program partners will provide worksites for 12-month paid employment: Office of Community Beautification Contractors, L.A. Conservation Corps, CRCDC, Koreatown Youth and Community Center, Gang Alternatives Program, New Directions For Youth, provide paid employment opportunities for up to 200 Angelenos from underserved communities.

Summer Night Lights: The program will hire 300 local community members and young adults between 17-30 years old. Each SNL site has a work cohort of 13 employees (2 supervisors and 11 youth workers.) SNL employees have strong knowledge of the community they work in, and create specific programming that addresses the needs and interest of that specific community.

Youth and Community Harvest Internship: This project will create 6-month paid work experience internships with farmer's markets and non-profit led urban farms and community gardens. 125 Students will also be exposed to the principles of food waste diversion and composting as tools to address the impact to/of landfills and harvest methane gas for alternative fuel sources. Youth will also help design a marketing campaign and strategy to increase the use of CalFresh. Food policy, urban farming, and food waste diversion, and

academic partners include: South L.A. Food Coop, Community Health Councils, MudTown Farms, Occidental College, Community Services Unlimited-Village Marketplace, L.A. Food Policy Council, Watts Rising Collaborative, Neighborhood Valley Services, South Central Farm, Sustainable Economic Enterprises of Los Angeles.

Early Childhood Education Student Advancement: 150 LACCD graduating students between the ages of 18-30 interested in pursuing a bachelor’s degree in the Child Development field (or closely related field) or obtaining employment in the early childhood education sector. Graduating students will receive supportive services including: 1) quarterly coaching sessions 2) one-on-one mentorship 3) financial educational awards 4) paid internship opportunities

Youth Hospitality Training Academy (HTA): In partnership with labor organization(s) HTA will provide training programs to low income, marginalized individuals for jobs in the hospitality industry. The city will provide 200 young people training and paid work experience to explore entry-level employment opportunities in the hospitality industry. A training curriculum will be provided in partnership with the Workforce Development Collaborative and UNITE HERE’s Hospitality Training Academy and major event venues will provide worksite placement during the paid training.

The Mayor’s Young Ambassador (MaYA) program is for 80 full-time community college students from underserved communities that qualify for free tuition under the L.A. College Promise program. The program focuses on youth who wish to explore international career opportunities. Each cohort consists of twenty students and two chaperones. Throughout the trip, students will: engage with international students; visit to historic landmarks; participate in cultural exchanges; meet government officials and attend government receptions;

Teen Parent Prosper Project This program will partner with three LAUSD schools to leverage FamilySource Center support services and provide part-time subsidized employment opportunities for 40 low-income, unemployed teen parents. Teen parents will be placed in supportive transitional employment opportunities with community-based organizations.

L.A. Food Waste Prevention/Rescue Project L.A. Community Composting Funding will prevent food destined for landfills from becoming waste and distribute the food to food bank organizations to help reduce greenhouse gas emissions, improving public health and the environment—particularly in disadvantaged and low-income communities. Three youth will support efforts through a public education, while also supporting composting activities.

Non-Profit Apprenticeship Program Funding will provide internships for 60 youth to explore community change work with Los Angeles area community-based organizations, while receiving coaching/mentoring to support their post-secondary and community impact goals.

Proposed start date for programming: The programs supported through this grant are new and existing initiatives in various stages of implementation. The City anticipates that all supported programs will continue without interruption. As such, programs will have a seamless continuation and expansion as stipulated in the grant timeline, which is set for a February 1, 2022 start date.

Section 3: Youth Recruitment, Development, Wrap Around Services, Wages, and Program Length

The City will serve participants between 16-30 years of age. Priority will be given to youth who are underserved, have not previously participated in an AmeriCorps program, have barriers and difficulty finding employment, are low-income, unemployed and/or out of school, are or were justice-involved, in or transitioning from foster care, engaged with the mental health or substance abuse system. The City will utilize its innovation Performance Partnership Pilot (P3) partnership – a partnership that is comprised of public education, social service, governmental entities and more than 50 key stakeholders focused on increasing education, employment, housing, and health outcomes for youth – to recruit and provide wrap-around services for eligible participants. The City will fund up to 23% of funding on wrap-around and supportive services for participants for services like transportation, job readiness training, mental health and case management, or other services intended to help participants succeed in the program and/or gain employment after completion of program. Participants wages will vary by program from \$15.00/hour to \$25.00/hour.

Section 4: Metrics, Outcomes and Data Collection for Measuring Success

The City of Los Angeles and system partners and providers have an established comprehensive data collection system that will be expanded to include the required evaluation of metrics and outcomes across all programs. The city will be able to assess program outcomes and report the following metrics on a quarterly and annual basis to CaliforniaVolunteers.

No.	Metrics and Outcomes Collected and Evaluated	Goal	No.	Outcomes	Goal
1	Number of youth participating in program	4,093	1	Number of youth employed in program who were previously unemployed	70%
2	Number of youth employed in each focus area:		2	Number of youth who complete full program (1 year or summer program)	4,093
A	Food Security	160	3	Number of youth employed in program who remain in college or stable employment	3,070
B	Climate	135	4	Number of youth employed after completion of program	3,070
c.	COVID 19 Recovery	2608	5	Percentage of youth who report job satisfaction after one year of employment, as reported by a survey	80%

3	Number of youth enrolled in job training/readiness programs	3,070 (75%)	6	Percentage of youth who report an interest in a career in public service after one year of employment, as measured by a survey	50%
4	Number of youth completing job training/readiness programs	3,070 (75%)	7	Percentage of youth employed in public service after one year of employment	50%
5	Number of youth participating in summer program (if applicable)	300	8	Job training evaluations	75%
6	Average wage and hours worked of participants across program *	Varies			

*Information/data/member stories as requested by CaliforniaVolunteers for annual report

Section 5: Budget, Staffing and Communications

Under this grant allocation, the EWDD will be responsible for program administration, fiscal oversight, and compliance with regulatory requirements. EWDD will leverage its workforce development infrastructure to provide program oversight and administration. Notably, the City's grant application also includes a critical funding request for the EWDD to partner with the YDD to conduct comprehensive local program planning and coordination, as well as performance data management and ongoing program evaluation. The YDD is the City's central coordinating agency of overall youth development and engagement efforts citywide. The agency supports interdepartmental coordination so that the separate youth programming and services administered by various City departments are operating under a unified youth development strategy and direction for the City.

Program Planning and Coordination: coordinating and convening all program stakeholders, briefing the offices of local elected officials and other City leaders on program progress, and aligning the local implementation of the grant allocation with broader youth development efforts of the City; coordinating internal and external communications for program branding, including adhering to California Volunteers branding expectation for the statewide Youth Workforce Program; participating in required and recommended California Volunteers trainings and other events of the statewide Youth Workforce Program, and reporting back to relevant local program partners and stakeholders;

Program Data Management: developing tracking mechanisms across programs to maintain up-to-date performance data on program metrics and outcomes for quarterly and annual reporting to the state; developing and disseminating performance and satisfaction assessments for program participants and other program stakeholders; and creating and distributing status reports on program outputs, outcomes, and participant characteristics for local and state stakeholders (e.g. the offices of elected officials, the L.A. City Workforce Development Board and department leadership, and the State of California).

Program Evaluation: procuring professional evaluation services to assess the extent to which the CA Youth Workforce funded local programs are achieving the stated application goals, as well as to provide ongoing recommendations for improved program implementation. This process may include, and be not limited to, pre- and post-surveys, stakeholder interviews, focus groups, and the review and analysis of program metrics and outcomes. The program evaluation will include the assessment of recommended options and strategies to sustain programming beyond the term of the grant allocation.

Funding: Funding will be used to support the City's capacity, to serve the 4,093 through the expansion of new youth to the existing Hire L.A. platform. Funding will be allocated to procurement of the program evaluation component for all of the CA Youth Workforce funded programs and other related project planning activities, such as convening City departments and other stakeholders, building new employer partnerships, etc. Subgrantees will provide intense case management to all participants, assess their needs and structure an individual service plan, job readiness training and job placement services. Funding will also cover City program and administrative costs for participating departments

Branding, Training, and Media

The City of Los Angeles and partners under this program are committed to using California Volunteers developed branding for this program and participating in California Volunteers-organized training and curriculum. The City of Los Angeles and partners under this program are interested in participating in a program launch media event with California Volunteers.
