Comments for Public Posting: I call on the members of the Immigrant Affairs Committee and the entire City Council to join with their colleagues on the County Board of Supervisors, along with local officials throughout the country, to provide permanent, universal support for immigrants in our communities who deserve legal counsel and due process -- no matter their background -- as they work their way through the complexities of the immigration system. Immigrants facing deportation can only get a fair trial with the support of a qualified attorney -- and you have the power to get them so much closer to receiving one. Please don't let fear and prejudice limit the reach of this vital program. Help families stay together and folks start new lives. Thank you.
