Comments for Public Posting: RE: Support for more effective requirement on-site posting/ mailing notices
MOTION The Board of the Studio City Residents Association (SCRA) supports Council File 21-1385 for more effective requirements for on-site posting and mailed notices by the Planning Department for all proposed discretionary land use actions; including larger sizes, longer posting periods, renderings where and when appropriate, and use of plain language; and to base those recommendations on notices and procedures already established in other jurisdictions; and to thereby provide all interested stakeholders with fully transparent notices.
