## SUMMARY

The Los Angeles Police Department (LAPD) is seeking approval to retroactively apply for and accept a \$187,782 grant award for the 2021-22 Off-Highway Motor Vehicle Recreation (OHMVR) Grant – Education & Safety Program from the State of California, Department of Parks and Recreation for the grant term of January 1, 2022 through December 31, 2022. The grant requires a 26-percent match that will be fulfilled through the salary expenditure of Police Officers from the LAPD's Valley Traffic Division Off-Road Unit.

In accordance with the Grants and Cooperative Agreements Program Regulations published by the California State Parks Off-Highway Motor Vehicle Recreation Division, the hours of Police Officers are a qualifying match item. Section 4970.05.1(f)(4) of the aforementioned document states that "cash value for salaried employee time shall be based on the agency's hourly reimbursement rate for the classification."

The objective of the OHMVR Grant – Education & Safety program is to provide financial assistance to local and federal agencies that deliver safety programs and education to the public regarding responsible off-highway vehicle (OHV) safety, environmental responsibility, and respect for private property. This is a separate grant from the annual Off-Highway Motor Vehicle Recreation Grant – Law Enforcement (C.F. 21-1295), which provides financial assistance to local and federal agencies for the protection of life and property, including natural and cultural resources related to OHMVR and motorized access to non-motorized recreation.

The LAPD is in partnership with the National Youth Project Using Minibikes (NYPUM), Contract No. C-134787, to provide OHV recreation and education to LAPD youth program participants. The NYPUM was established to engage at-risk and disadvantaged youth ages 10 to 17 years old by promoting development through a new and engaging activity. The NYPUM's main objective is "to change conditions which foster alienation, delinquency, and crime" by pairing an at-risk or disadvantaged youth with a caring adult and a minibike. The NYPUM will afford the youth an opportunity to not only learn how to care for a minibike and safely ride outdoors, but also to develop self-esteem and self-discipline in the process. The American Honda Motor Corporation has donated minibikes to the NYPUM program since 1969 and NYPUM has been successfully implemented in nearly 50 programs nationwide.

Acceptance of this grant will allow the LAPD to continue incorporating the NYPUM program into LAPD's existing youth programs, providing at-risk and disadvantaged youth with awareness of OHV activities and areas, as well as providing hands-on and classroom-based safety training. The LAPD hosts a variety of community-based youth programs with prevention and intervention strategies and the continuation of the NYPUM program will allow the LAPD to use minibikes as a motivational tool to for youth to develop self-esteem, values for daily living, and a sense of community. The LAPD-NYPUM programs will provide minibike training twice a month at the Edward M. Davis Training Facility in Council District 12. One Police Sergeant and three Police Officers from the LAPD's Valley Traffic Division Off-Road Unit will be responsible for conducting the training. A State-certified Emergency Medical Technician volunteer from the California Emergency Mobile Patrol of LAPD's Devonshire Division will also be in attendance to provide assistance during training.

To implement the LAPD-NYPUM program, the grant award will provide a total of \$187,782 for the following grantor-approved expenditures: sworn overtime; safety equipment; NYPUM administrative costs such as program, insurance, and registration fees; travel and training costs. A summary of expenditures is listed below.

<b>Expenditure</b>	<b>Amount</b>
Sworn overtime	\$160,000
Safety equipment	\$ 6,600
Program, insurance, and registration fees	\$ 14,620
Travel and training	\$ 6,562
<b>Total</b>	<b>\$187,782</b>

## **FISCAL IMPACT STATEMENT**

Approval of the recommendations within this report will provide \$187,782 in funding to the Los Angeles Police Department for the 2021-22 Off-Highway Motor Vehicle Recreation (OHMVR) Grant – Education & Safety Program. The grant requires a 26-percent match that will be fulfilled through the equivalent salary expenditures of the participating Police Officers. Funding for the one Police Sergeant and three Police Officers is already provided as a part of the Department's 2021-22 Adopted Budget and there is no additional impact to the General Fund.

## **FINANCIAL POLICIES STATEMENT**

The recommendations provided in this report comply with the City's Financial Policies in that one-time grant funding will be utilized for one-time program expenditures.
