**Comments for Public Posting:** Here is a clue on how to get more people to use public transportation. Actually have the buses show up on time. Every day. Since we have started paying again (Jan 10), the service has gone down. I am lucky if the bus shows up 3 out of the 5 work days. On the days it doesn't show up, I have to walk back home and get into my gas fueled vehicle and drive to work. I would love for any of you on the city council to rely on public transportation for one month to get to work and back.
