Council File No: 21-1223

Comments for Public Posting: This is a great first step in reducing speed limits and working towards our climate and vision zero goals. More needs to be done and far more reductions should be enacted City-wide but I strongly support this action as a first step and thank the City and the Council for considering it. David Fenn 416 S Spring St., Apt 910 Los Angeles, CA 90013
