**Comments for Public Posting:** To all Public Works Commissioners and Los Angeles City Council members - I have had the honor and pleasure to serve alongside Vahid Khorsand during my time on the Los Angeles City Planning Commission. He was always prepared and thoughtful in all his decisions. As an urban planner and environmental justice advocate for the Northeast San Fernando Valley, I appreciated Vahid for checking in on various issues, doing his homework, and being a great collaborator. I know this is Vahid's dream, and because of that, he will put in the work and will represent the residents of Los Angeles well. I give my strongest support to Vahid Khorsand's appointment to the Board of Public Works.

**Comments for Public Posting:** In seven plus years of service on the LA City Planning Commission, and multiple terms as President - I have had the honor and pleasure to serve alongside Vahid Khorsand in his service on that body. It is that firsthand experience which is the source of my enthusiastic and unencumbered endorsement for his appointment by Mayor Garcetti to the Board of Public Works. Vahid's ethical and heartfelt approach to service was a model for all of us. He was not the first to talk, and in that taught us all to be better servants. When he did speak, he was always an insightful reflecting his nature as hardworking member of the CPC. It was clear from his contributions, that he completed all of the voluminous pre-work, and then some before public meetings. Vahid is a natural diplomat - a bridge builder - that is at once able to find compromise, and also decisive. In some of the most contentious moments, Vahid would steer us forward first as a member and then in leadership. I give my strongest support to Vahid Khorsand's appointment to the Board of Public Works.
