Comments for Public Posting: What is the impact on our solid waste (trash) fees? Will they increase to \$45-50 a month? What are the total trash fees paid by Angelenos?

Comments for Public Posting: Please vote to support this. It is very important to take steps to comply with the CalRecycle regulations (SB 1383) to reduce organic waste disposal by 75% by 2025. We need to develop a phased approach to compliance and related matters. It does no good to have recycling programs in place that are not effective. Thank you.
