Comments for Public Posting: Dear Honorable City Council Members, It is with great honor to show my public support to Vahid Khorsand to the Board of Public Works. He is committed to improving city planning in Los Angeles and brings a wealth of knowledge and resources that the board would highly benefit from. With warm regards and thanks, Valerie Varela City of Los Angeles resident

Comments for Public Posting: To Council, I am writing to express my support of the appointment of Vahid Khorsand to the Board of Public Works. During the last few years, I have worked with Mr. Khorsand professionally and have also gotten to know him personally. In all my experience, Mr. Khorsand he has proven to be a consummate public servant, committed to making Los Angeles work for everyone. He has shown his love for this city and an ability to bring people together for the common good. Mr. Khorsand is willing to explore innovations while staying true to his convictions. I believe he is an excellent choice for Los Angeles and will bring his same passion, commitment, intelligence, and grit to this role.

Comments for Public Posting: Please accept this as a letter of support for the appointment of Vahid Khorsand for the open Public Works seat. Vahid is a committed San Fernando Valley resident. He consistently, and through many avenues, highlights the benefits of living in the Valley as well as the greater LA area. Additionally, he is a connector of critical resources between agencies as well as promotes these resources broadly to the City's residents. Vahid is an avid believer in the diversity of the Valley and LA, including its often overlooked residents such as people with disabilities, women in leadership, low-income groups, and multi-ethnic associations. Vahid is a smart, reflective, and future-forward-thinking individual. Vahid believes in the power of family and he considers all residents of the Valley as part of his family. I cannot think of a better person to provide guidance and oversight on vital infrastructure issues facing the City of LA such as sanitation, street services, solar grids, and so forth. Thank you.
