Hi Diana,

I would like to explain why it is not necessary a conditional use permit for the following address [14034 Vanowen Street](#) because it never lost the privileges to serving alcohol for on site consumption

**And the rules applies to the grandfather rights I review this information with Angela Williams her email is [angela.williams@lacity.org](mailto:angela.williams@lacity.org) if you need more information to clarify**

The rule grandfather rights. WE are in the process to transfer a Liquor license with the Alcohol and Beverages Department from other Location to [14034 Vanowen Street](#) and there requesting

To file the NPC because the concentration of liquor license in the area.

The Form 255 is required to verified with City Planning if is necessary to obtain a CUP and as you see on the form is not requesting.

Thank you

Alicia Mendoza
