Management District Plan Summary

The name of the renewed Property-based Business Improvement District is the “Greater South Park Business Improvement District” (the “District”). The District is being renewed pursuant to Section 36600 et seq. of the California Streets and Highways Code, The “Property and Business Improvement District Law of 1994 as amended”, hereinafter referred to as State Law.

Developed by the Greater South Park Renewal Committee, the Greater South Park Business Improvement District Management Plan conveys special benefits to assessed parcels located within the Greater South Park Business Improvement District area. The District will provide continued activities in three program areas including: Clean & Safe, Marketing & District Identity and Administration & Management. Each of the programs is designed to meet the goals of the District which are to improve the safety of each individual assessed parcel within the District, to increase building occupancy and lease rates, to encourage new business development; and attract ancillary businesses and services for assessed parcels within the District.

The boundary of the Greater South Park Business Improvement District is bounded roughly by James M. Wood Boulevard/9th Street/Olympic Boulevard, Broadway, 10 Freeway/17th Street and 110 Freeway. The property uses within the general boundaries of the Greater South Park Business Improvement District are a mix of commercial, retail, industrial, residential, mixed-use, office, non-profit, convention facility, sports facility and publicly owned parcels. Services and improvements provided by the District are designed to meet the goals of the district by providing special benefits to improve the economic vitality in the District by increasing building occupancy and lease rates, encouraging new business development, attracting wholesale serving businesses and customers, attracting retail tenants and customers, attracting new residents that provide a special benefit to commercial, retail, industrial, residential, mixed use, office, non-profit and publicly owned parcels. All of which specially benefit from the improvements and activities of the District.

Boundary: See Section 2, page 6 and map, page 10.

Budget: The total District budget for the 2023 year of operation is approximately \$3,731,749.03.

Improvements, Activities, Services:

CLEAN & SAFE	\$2,536,980.68	67.98%
-------------------------	-----------------------	---------------

Enhanced Safe Programs:

A Greater South Park Business Improvement District Safe Team to deter crime for parcels in the District will consist of the following:

- Bicycle, Vehicle Patrol and Foot Patrol
- Homeless Outreach & Intervention Programs

Enhanced Clean Programs will consist of the following:

- Sidewalk Sweeping
- Sidewalk Pressure Washing

- Graffiti & Handbill Removal
- Trash Removal, Illegal Dumping Removal
- Landscaping
- Public Space Management

MARKETING & DISTRICT IDENTITY **\$671,778.25** **18.00%**

- Media and Communication Programs
- Activation of District Spaces
- Placemaking Programs
- District stakeholder communications
- Communication with public bodies
- Website

ADMINISTRATION & MANAGEMENT **\$522,990.10** **14.02%**

Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works (see Section 3, for detail on allocation). The improvements and activities are managed by a professional staff that requires centralized administrative support. Management staff oversees the District's services which are delivered seven days a week. A well-managed District provides necessary BID program oversight and guidance that produces higher quality and more efficient programs.

2022 CARRYOVER FUNDS

The estimate for assessment funds carried over from the current Greater South Park Business Improvement District to the first year 2023 budget is \$50,000. The amount of actual prior year carryover funds, if any, from the 2022 budget will be applied to the 2023 District budget. The funds will be applied to the same budget line item in 2023 as the line item in 2022 that was the source of the carryover funds. Carryover funds from 2022, if any exist, are projected to be from the clean and safe line item. Therefore, the Clean and Safe budget line item of \$2,536,980.68 could increase to as much as \$2,586,980.68 if the total \$50,000 carryover becomes a reality and is totally from the Clean and Safe line item.

Method of Financing: A levy of special assessments upon real property that receives special benefits from the improvements and activities.

Benefit Zones: The State Law and State Constitution Article XIID require that special assessments be levied according to the special benefit each assessed parcel receives from the improvements. In order to match assessment rates to benefits, 4 benefit zones have been created within the District. Residential condominiums, the Condominium Zone, are assessed a separate rate which is not dependent on which geographic zone they are in. Each zone, including the Condominium zone, receives a different level of services and a different level of benefit. Each zone pays an assessment rate that reflects 100% of the special benefit received. See Section 2 for detailed description of the Zones.

Cost: Annual assessments are based upon an allocation of program costs and a calculation of assessable footage. Three property assessment variables, building square footage (55%), parcel square footage (14%) and front footage (31%) will be used in the calculation

for Zone 1. One property assessment variable, front footage (100%) will be used in the Zone 2 calculation. Three property assessment variables, building square footage (50%), parcel square footage (20%) and front footage (30%) will be used in the calculation for Zones 3 and 4. One property variable, building square footage will be used in the residential condominium zone calculation. The 2023 assessments per assessment variable will not exceed amounts listed in the following chart:

	Assessment Rates
Zone 1 Building Square Footage	\$0.0842
Zone 1 Parcel Square Footage	\$0.0981
Zone 1 Front Footage	\$23.3757
Zone 2 Front Footage	\$16.1218
Zone 3 Building Square Footage	\$0.0933
Zone 3 Parcel Square Footage	\$0.0794
Zone 3 Front Footage	\$11.8418
Zone 4 Building Square Footage	\$0.0635
Zone 4 Parcel Square Footage	\$0.0637
Zone 4 Front Footage	\$8.5468
Residential Condo Zone Building Square Footage	\$0.4628

Increases: Annual assessment increases will not exceed 5% per year. Increases will be determined by the Business Improvement District Owners’ Association Board of Directors and will vary between 0% and 5% in any given year. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year’s budget. Including surpluses from the prior District 2022 budget. The budget will be set accordingly, within the constraints of the Management District Plan to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the annual report each year.

District Formation: District formation requires submission of favorable petitions from property owners representing more than 50% of total assessments to be paid and the return of mail ballots evidencing a majority of the weighted ballots cast in favor of the assessment. Ballots are weighted by each property owner’s assessment as proportionate to the total proposed District assessment amount.

Duration: The District will have a 7-year life beginning January 1, 2023 and ending December 31, 2029.

Governance: The Owners’ Association will review District budgets and policies annually within the limitations of the Management District Plan. Annual and quarterly reports, financial statements and newsletters will be filed with the City of Los Angeles (City). The Owners’ Association will oversee the day-to-day implementation of services as defined in the Management District Plan.

Section 2 Greater South Park Business Improvement District Boundaries

The Greater South Park Business Improvement District includes all property within a boundary formed by:

Summary – The proposed District is bounded roughly by James M. Wood Boulevard/9th Street/Olympic Boulevard, Broadway, 10 Freeway/17th Street and 110 Freeway. The Greater South Park Business Improvement District includes all property within a boundary formed by:

Beginning at the northwest corner of the District, at the intersection of the eastern edge of the 110 Freeway right-of-way and the centerline of James M. Wood Boulevard (9th Street), and continuing along said centerline of James M. Wood Boulevard and 9th Street to the centerline of Flower Street; thence south along said centerline of Flower Street to the centerline of Olympic Boulevard; thence east along Olympic Boulevard to the centerline of the said unnamed alley that runs parallel to and between Hill Street and Broadway; thence south along said centerline of the unnamed alley that runs parallel to and between Hill Street and Broadway to the centerline of 11th Street; thence east along said centerline of 11th Street to the centerline of the unnamed alley that runs parallel to and between Broadway and Main Street; thence south along said centerline of the said unnamed alley that runs parallel to and between Broadway and Main Street to the centerline of 12th Street; thence east along said centerline of 12th Street to the centerline of Main Street; thence south along said centerline of Main Street to the easterly prolongation of the south property line of APN 5139026012; thence west along said south property line of said APN 5139026012 to its intersection with the east property line of APN 5139026004; thence south along said east property line of said APN 5139026004 and continuing south along the east property lines of APN 5139026007, APN 5133010017, APN 5133010008, APN 5133010014, APN 5133009002, APN 5133009008, APN 5133008005, APN 5133008008, APN 5133007008, APN 5133007006, APN 5133006006 and APN 5133006005 to the centerline of 17th Street; thence west along said centerline of 17th Street to the easterly prolongation of the south property line of APN 5134008006 and continuing along said property line of said APN, APN 5134008005, APN 5134008004, APN 5134007016 and APN 5134007018 to the intersection of said APN 5134007018 with the eastern edge of the 110 Freeway; thence north along said eastern edge of the 110 Freeway to the intersection of said eastern edge of the 110 Freeway with the centerline of LA Live Way; thence north along said centerline of LA Live Way to its intersection with said eastern edge of said 110 Freeway; thence north along said eastern edge of the 110 Freeway.

Benefit Zones

Zone 1 represents all identified assessed parcels within the Staples Center and LA Live parcels. The need for a higher frequency of services is based upon the high-density sports facility, tourism related, entertainment related and activities that require daily special benefit services to respond to the needs of each of these identified assessed parcels to mitigate the impact of high volumes of visitors and sports facility patrons. The residential condos within Benefit Zone 1 will derive a different type and higher frequency of special benefit services as articulated in the explanation on pg. 21.

The boundary for Zone 1 begins at the northwest corner of Zone 1, at the intersection of the eastern edge of the 110 Freeway and the centerline of Olympic Boulevard; thence east along said centerline of

Olympic Boulevard to the centerline of Figueroa Street; thence south along said centerline of Figueroa Street to the easterly prolongation of the south property line of APN 8940356003; thence west along said south property line of said APN 8940356003 to the intersection of said south property line of said APN 8940356003 with the west property line of said APN 8940356003; thence north along the western property line of said APN 8940356003 to the centerline of Chick Hearn Court; thence west along said centerline of Chick Hearn Court to the intersection of said centerline of Chick Hearn Court with the eastern edge of the 110 Freeway, thence north along said eastern edge of the 110 Freeway to the intersection of said eastern edge of the 110 Freeway with said centerline of Olympic Boulevard.

Zone 2 identified assessed parcels are to be found in the immediate area owned and operated by the Los Angeles Convention Center. These parcels are generally bounded by the 110 Freeway from Chick Hearn Court to the 10 Freeway and along Venice Boulevard from the 10 Freeway to Figueroa Street. The Convention Center requires special benefit services delivered only on their periphery based upon the usage of the Center for various conventions throughout the year. Special benefit services will be provided along the periphery of the Convention Center, particularly along Figueroa Street, scheduled to coincide with the size of the various conventions and special events that are held at the Center. When conventions are not using the Center, sidewalk sweeping services will be provided regularly along periphery of the Convention Center identified assessed parcels including the following streets: Figueroa Street, Venice Boulevard, LA Live Way, Chick Hearn Court, Pico Boulevard between Figueroa Street and the 110 Freeway, except parcel number 8940356003, which is operated by the Staples Center.

The Zone 2 boundary begins at the northwest corner of Zone 2, at the intersection of the eastern edge of the 110 Freeway and the centerline of Chick Hearn Court; thence east along said centerline of Chick Hearn Court to the northerly prolongation of the eastern property line of APN 5138016912; thence south along said eastern property line of said APN 5138016912 and continuing south along the eastern property line of APN 5134007933 to the intersection of the southerly prolongation of said eastern property line of APN 5134007933 with the centerline of Venice Boulevard; thence west along said centerline of Venice Boulevard to its intersection with said eastern edge of the 110 Freeway; thence north along said eastern edge of the 10 Freeway to the centerline of LA Live Way; thence north along said centerline of LA Live Way to its intersection with the centerline of Chick Hearn Court.

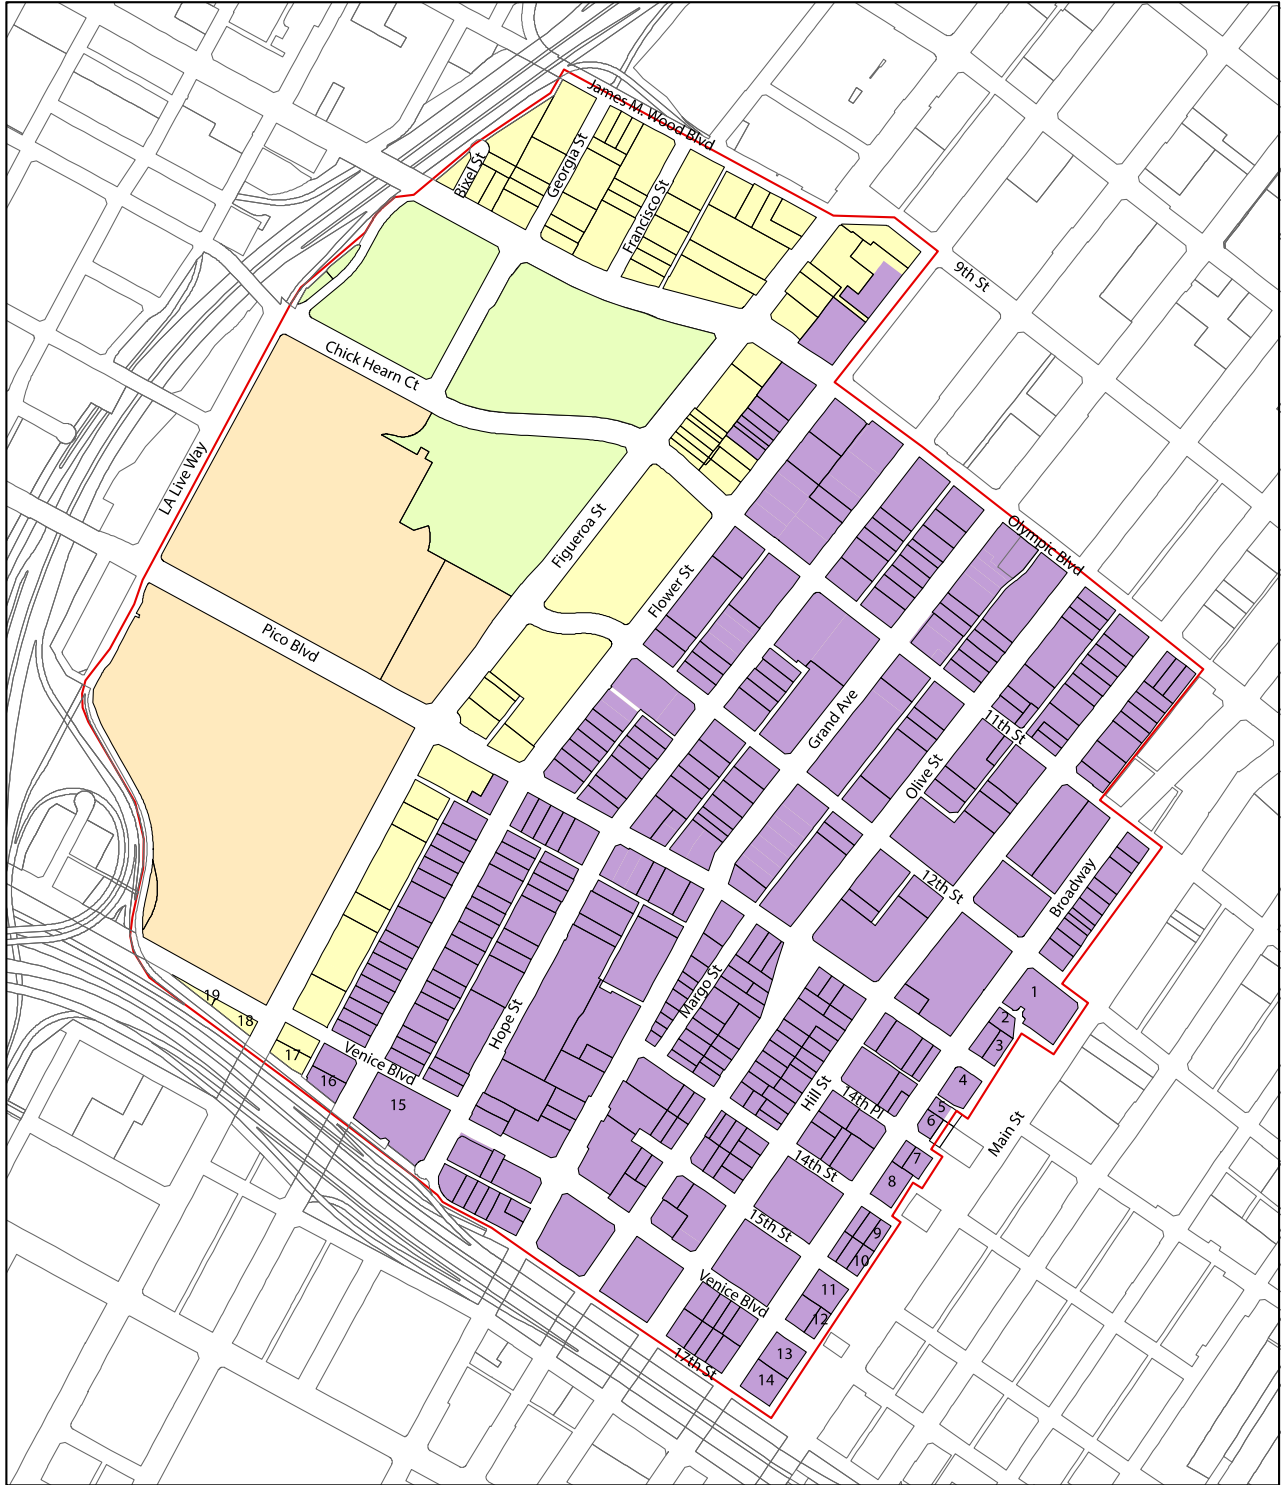

Zone 3 includes almost exclusively commercially zoned parcels abutting Staples Center and LA Live, oriented along the east side of Figueroa Street and the north side of Olympic Boulevard. These parcels experience intense pedestrian and commercial activity. Many Zone 3 parcel uses relate very directly to the Staples Center, LA Live and/or the Convention Center. Zone 3 identified assessed parcels have programs and services at a lower frequency than those in Benefit Zone 1. Regular sidewalk operations services shall be allocated to these identified assessed parcels at a frequency less than Zone 1. These identified assessed parcels are located along the north side of Olympic Boulevard between the 10 Freeway and Figueroa Street. Benefit Zone 3 parcels also include those identified assessed parcels that front along Figueroa Street from the southern corners of the intersection of James M. Wood Boulevard and 9th Street running southward along the east side of Figueroa Street up to the 10 Freeway. The residential condominium identified assessed parcels within Benefit Zone 3 will derive a different type and higher frequency of special benefit services as articulated in the explanation on pg. 21.

Zone 4 includes a mix of commercially zoned parcels and high-density residentially zoned parcels (most of which have ground-floor commercial uses and/or parking) oriented along the north-south corridors of Flower Street, Hope Street, Grand Avenue, Olive Street, Hill Street and Broadway. Zone 4 identified assessed parcels have programs and services at a lower frequency relative to Benefit Zones 1 and 3, based upon the lower demand of the identified assessed commercial, industrial, institutional, public and vacant parcels fronting along the public rights of way. The residential condominium identified assessed parcels within Benefit Zone 4 will derive a different type and higher frequency of special benefit services as articulated in the explanation on pg. 21.

The Zone 4 boundary begins at the northwest corner of Zone 4, at the intersection of the centerline of Figueroa Street and the centerline of 9th Street, and continuing east along said centerline of 9th Street to its intersection with the centerline of Flower Street; thence south along said centerline of Flower Street to its intersection with the centerline of Olympic Boulevard; thence east along said centerline of Olympic Boulevard to its intersection with the centerline of Blackstone Court (an alley); thence south along said centerline of Blackstone Court to its intersection with the centerline of 11th Street; thence east along said centerline of 11th Street to its intersection with an unnamed alley that runs parallel to and between Broadway and Main Street; thence south along said centerline of said unnamed alley that runs parallel to and between Broadway and Main Street to its intersection with the centerline of 12th Street; thence east along said centerline of 12th Street to its intersection with the centerline of Main Street; thence south along said centerline of Main Street to its intersection with the easterly prolongation of the southern property line of APN 5139026012; thence west along said south property line of said APN 5139026012 to its intersection with the east property line of APN 5139026004; thence south along said east property line of said APN 5139026004 and continuing south along the east property lines of APN 5139026007, APN 5133010017, APN 5133010008, APN 5133010014, APN 5133009002, APN 5133009008, APN 5133008005, APN 5133008008, APN 5133007008, APN 5133007006, APN 5133006006 and APN 5133006005 to the centerline of 17th Street; thence west along said centerline of 17th Street to its intersection with the northern edge of the Santa Monica (10) Freeway; thence east along said northern edge of the Santa Monica (10) Freeway to its intersection with the centerline of Lebanon Street (an alley); thence north along said centerline of Lebanon Street to its intersection with Cameron Lane (an alley); thence east along said centerline of Cameron Lane to its intersection with the southerly prolongation of the western property line of APN 5134010004; thence north along said western property line of said APN 5134010004 to the centerline of Pico Boulevard; thence east along said centerline of Pico Boulevard to its intersection with the centerline of Flower Street; thence north along said centerline of Flower Street to its intersection with the centerline of Chick Hearn Court (aka 11th Street); thence west along said centerline of Chick Hearn Court to the southerly prolongation of the western property line of APN 5138012032; thence north along said western property line of said APN 5138012032, and continuing along the western property lines of APN 5138012030, APN 5138012026, APN 5138012017, APN 5138012016, APN 5138012015, APN 5138012014, APN 5138012013, APN 5138012002, and APN 5138002030 to its intersection with the southern property line of APN 5138018027; thence east along said southern property line of said APN 5138018027 to its intersection with the eastern property line of said APN 5138018027; thence north along said eastern property line of said APN 5138018027 to its intersection with the northern property line of said APN 5138018027; thence west along said northern property line of said APN 5138018027 to its intersection with the centerline of Figueroa Street; thence north along said centerline of Figueroa Street to its intersection with the centerline of 9th Street.

Commercial Condominium Parcel Assessments: Each commercial condo will be assessed on lot, building square footage and linear frontage identically to the assessment methodology established for all other commercial identified assessed parcels in each of the Benefit Zones.

Residential Condominium Parcel Assessments: All residential condo identified assessed parcels (which currently exist in all Benefit Zones except Zone 2) will be assessed at a rate of \$0.4628 per square foot of building area only. This rate applies to all residential condo identified assessed parcels regardless of their location in a Benefit Zone. A thorough explanation of why residential condo identified assessed parcels are assessed using a different methodology than all other parcels, and also why residential condo identified assessed parcels are assessed at the same rate regardless of their Benefit Zone, can be found on pg. 18 and pg. 23.

**Greater South Park
Business Improvement District
2023-2029**

1.7.22

District Boundary Rationale

The property uses within the general boundaries of the Greater South Park Business Improvement District are a mix of commercial, retail, industrial, residential, mixed-use, office, non-profit, convention facility, sports facility and publicly owned parcels.

Services and improvements provided by the District are designed to provide special benefits to parcels that contain commercial, retail, industrial, residential, mixed-use, office, non-profit, convention facility, sports facility and publicly owned uses. Services and improvements provided by the District are designed to provide special benefits in the form of improving the economic vitality within the District by increasing building occupancy and lease rates, encouraging new business development, attracting tenants, attracting retail customers, attracting new residents, and encouraging commerce that provide a special benefit to commercial, retail, industrial, residential, mixed-use, office, non-profit, convention facility, sports facility and publicly owned parcels. All of the services provided such as the safety work provided by the Safe Team and the cleaning work provided by the Clean Team are services that are over and above the City's baseline of services and are not provided by the City. These services are not provided outside of the District because of the unique nature of these services focusing on the particular needs of each individually assessed property within the District. These services provide particular and distinct benefits to each of the individually assessed parcels within the District.

Northern Boundary: The northern boundary of the Greater South Park Business Improvement District abuts the boundary of the Downtown Center Business Improvement District. This district provides improvements and activities similar to the services provided by the Greater South Park Business Improvement District. Improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels on the streets and sidewalks within the District and will not provide services outside of District boundaries.

Eastern Boundary: The eastern boundary of the Greater South Park Business Improvement District abuts the Fashion District Business Improvement District which provides improvements and activities similar to those provided by the Greater South Park Business Improvement District. Improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, safety patrols, maintenance personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual parcels on the streets and sidewalks within the District and will not provide services outside of District boundaries.

Southern Boundary:

The southern boundary of the Greater South Park Business Improvement District abuts the 10 Freeway/17th Street, which both visually and physically separates the District from the neighborhood located south of the 10 Freeway. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided within the boundaries of the District. Specifically, safety patrols, maintenance personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual parcels on the streets and sidewalks within the District and will not provide services outside of District boundaries.

Western Boundary: The western boundary of the Greater South Park Business Improvement District abuts the 110 Freeway, which both visually and physically separates the District from the neighborhood located west of the 110 Freeway. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided within the boundaries of the District. Specifically, safety patrols, maintenance personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual parcels on the streets and sidewalks within the District and will not provide services outside of District boundaries.

Section 3

District Improvement and Activity Plan

Process to Establish the Improvement and Activity Plan

Through a series of property owner meetings, the Greater South Park Business Improvement District Renewal Committee collectively determined the priority for improvements and activities to be delivered by the District. The primary needs as determined by the parcel owners were safety, cleaning, marketing, district identity, administration and management. All of the services provided such as the safety work provided by the Safe Team and the cleaning work provided by the Clean Team are services that are over and above the City's baseline of services and are not provided by the City. These services are not provided outside of the District and because of their unique nature focusing on the particular needs of each assessed parcel within the District provide particular and distinct benefits to each of the assessed parcels within the District. Each of the services provided by the District are designed to meet the needs of the commercial, retail, industrial, residential, mixed-use, office, non-profit, convention facility, sports facility and publicly owned uses that make up the District and provide special benefit to each of the assessed parcels.

All of the improvements and activities detailed below are provided only to assessed parcels defined as being within the boundaries of the District and provide benefits which are particular and distinct to each of the assessed parcels within the proposed District. No improvements or activities are provided to parcels outside the District boundaries. All assessments outlined in this Management District Plan go only for services directly benefiting each of the assessed parcels paying the assessments in this District. All services will be provided to the assessed parcels, defined as being within the District boundaries and no services will be provided outside the District boundaries, and each of the services: Safe/Clean, Marketing/District Identity and Administration/Management are unique to the District and to each of the District's assessed parcels. All special benefits provided are particular and distinct to each assessed parcel.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Convention facility and sports facility parcels benefit from District programs that provide a better environment which increases the ability to attract conventioners and audiences to the Convention Center and Staples/LA Live facilities. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. District clean and safe programs enhance the ability of the social service

providers to provide their services. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

All benefits derived from the assessments outlined in the Management District Plan are for services directly and specially benefiting the assessed parcels within this area and support increased commerce, business attraction and retention, increased property rental income, increased residential serving businesses such as restaurants and retail and enhanced overall safety and image within the Greater South Park. All services, Safety, Cleaning, Marketing, District Identity, Administration and Management services are provided solely to assessed parcels within the district to enhance the image and viability of properties and businesses within the Greater South Park Business Improvement District boundaries and are designed only for the direct special benefit of the assessed parcels in the District. No services will be provided to non-assessed parcels outside the District boundaries. Special benefit means, for purposes of a property-based district, a particular and distinct benefit conferred on real property located in a district over and above any general benefits to the public at large. (For a further definition of special benefits see Engineer's Report page 17 "Special Benefit")

TOTAL ASSESSMENT

The total improvement and activity plan budget for 2023 is projected at \$3,731,749.03. Of the total budget, special benefit to parcels within the District totals \$3,685,181.07 and is funded by property assessments. General benefit from the District budget is calculated to be \$46,567.96 and is not funded by assessment revenue from District parcels. The costs of providing each of the budget components was developed from actual experience obtained in providing these same services over the last 16 years of operation of the Greater South Park Business Improvement District. Actual service hours and frequency will vary in order to match District needs over the 7-year life of the District. A detailed operation deployment for 2023 is available from the property owner's association. The budget is made up of the following components.

2022 CARRYOVER FUNDS

The estimate for assessment funds carried over from the current Greater South Park Business Improvement District to the first year 2023 budget is \$50,000. The amount of actual prior year carryover funds, if any, from the 2022 budget will be applied to the 2023 District budget. Because there is no certainty that there will be any surplus funds, the surplus funds are not included in the 2023 budget. The funds will be applied to the same budget line item in 2023 as the line item in 2022 that was the source of the carryover funds. Carryover funds from 2022, if any exist, are projected to be from the Clean and Safe line item. Therefore, the Clean and Safe budget line item of \$2,536,980.68 could increase to as much as \$2,586,980.68 if the total \$50,000 carryover becomes a reality and is totally from the Clean and Safe line item.

	Budget	Possible Carryover
CLEAN AND SAFE PROGRAMS	\$2,536,980.68	\$50,000
Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 6% of the Clean and Safe budget is allocated to management staff expenses.		

Safe Team Program

The Safety Program will provide safety services for the individual parcels located within the District in the form of patrolling bicycle personnel and vehicle patrols. The purpose of the Safe Team Program is to deter and report illegal activities taking place on the streets, sidewalks, storefronts, and parking lots. The presence of the Safe Team Program is intended to deter such illegal activities as vandalism, graffiti, narcotic use or sales, public urination, trespassing, drinking in public, prostitution, illegal panhandling, and illegal dumping. The Program will supplement, not replace, other ongoing police, security and patrol efforts within the District. The Safe Team Program will only provide its services within the District boundaries. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. A District that is perceived as unsafe deters pedestrian and commercial activity.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Convention facility and sports facility parcels benefit from District programs that provide a better environment which increases the ability to attract conventioners and audiences to the Convention Center and Staples/LA Live facilities. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. District clean and safe programs enhance the ability of the social service providers to provide their services. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which make employees and visitors feel safe.

Clean Team Program

In order to consistently deal with cleaning issues, a Clean Program will continue to be provided as it has for the last 16 years. The Clean Team will only provide service to properties within District boundaries. A multi-dimensional approach has been developed consisting of the following elements.

Uniformed, radio equipped personnel sweep litter, debris and refuse from sidewalks and gutters of the District. Paper signs and handbills that are taped or glued on property, utility boxes, and poles are removed. District personnel will pressure wash sidewalks when needed. Collector truck personnel collect trash from sidewalk trash receptacles. Painters remove graffiti by

painting, using solvent and pressure washing. The District maintains a zero-tolerance graffiti policy. An effort is made to remove all tags within 24 hours on weekdays. Street tree trimming is important to keep the District looking attractive and will be considered when the budget allows. Clean sidewalks support an increase in commerce and provides a special benefit to each individually assessed parcel in the district.

The Clean Team will only provide service to assessed parcels within District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. Dirty and unclean sidewalks deter pedestrians and commercial activity.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Convention facility and sports facility parcels benefit from District programs that provide a better environment which increases the ability to attract conventioners and audiences to the Convention Center and Staples/LA Live facilities. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. District clean and safe programs enhance the ability of the social service providers to provide their services. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

MARKETING & DISTRICT IDENTITIY

\$671,778.25

Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 76% of the Marketing and District Identity budget is allocated to management staff expenses.

In order to communicate the changes that are taking place in the Greater South Park Business Improvement District and to enhance the positive perception of the Greater South Park Business Improvement District parcels, a professionally developed marketing and district identity program has been created. This is a special benefit because it works to improve the positive perception of the District. Decisions on where to shop, eat, work and live are largely based on a perception of the place. The special benefit to District assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Commercial parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Retail parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Industrial parcels benefit from increased exposure and awareness of District programs that provide new business attraction and increased commercial activity. Residential and Mixed-use parcels benefit from District programs that provide an increased awareness of District amenities such as retail and transit options which, in turn, enhances the business climate and improves the business offering and attracts new residents. Office parcels benefit from District programs that work to provide increased exposure and awareness which in turn work to provide an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Convention facility and sports facility parcels benefit from District Programs that provide a better environment which increases the ability to attract conventioners and audiences to the Convention Center and Staples/LA Live facilities. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which increase exposure and awareness of District amenities which in turn work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

The following are the marketing and district identity programs:

- Media and Communication Programs
- Activation of District Spaces
- Placemaking Programs
- District stakeholder communications
- Communication with public bodies
- Website

ADMINISTRATION & MANAGEMENT

\$522,990.10

Administration and Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 28% of the Administration and Management budget is allocated to management staff expenses.

The improvements and activities are managed by a professional staff that requires centralized administrative support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works and advocates on behalf of the District parcels to ensure that City and County services and policies support the District. 70% of Administration & Management are for administration items such as office expenses, professional services, organizational expenses such as insurance, the cost to conduct a yearly financial review, City fees to collect and process the assessments. Additionally, a contingency of 2% of the total assessment income for unexpected expenses and/or revenue shortfall is included in

this budget item. Contingencies not used each year will be applied to programs in that current year. Renewal of the District will be funded from this line item.

A well-managed District provides necessary BID program oversight and guidance that produces higher quality and more efficient programs. Management staff implement the programs and services of the District. Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

Unique services for residential condominiums:

Residential condominiums in the District require a higher level of service than other parcels in the District. Residential condominiums shall receive enhanced services in addition to those received by commercial, industrial and commercial condominium parcels in the District. These services correspond directly to the special assessments tied to these parcels, and to the assessment methodology outlined for residential condominium parcels beginning on pg. 23 of this Management District Plan. These enhanced services provided to residential condominium parcels include:

- More frequent sidewalk, curb and gutter cleaning on the frontages adjacent to the residential condominium identified assessed parcels;
- More frequent pressure washing/steam cleaning on the frontages adjacent to the residential condominium identified assessed parcels;
- Enhanced patrols in the evening hours, weekends or holidays on the frontages adjacent to the residential condominium identified assessed parcels;
- Installation and restocking of pet waste stations on the frontages adjacent to the residential condominium identified assessed parcels;
- Efforts to outreach, design and implement streetscape enhancements on the frontages adjacent to the residential condominium identified assessed parcels, pending the availability of sufficient funding;
- Other services requested by the condominium owners that confer special benefit on the frontages adjacent to the residential condominium identified assessed parcels.

SEVEN-YEAR OPERATING BUDGET

A projected seven-year operating budget for the Greater South Park Business Improvement District is provided below. The projections are based upon the following assumptions.

Assessments will be subject to annual increases not to exceed 5% per year. Increases will be determined by the Board of Directors of the District Owner's Association and will vary between 0% and 5% in any given year. The projections below illustrate a maximum 5% annual increase for all budget items.

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. The Board of Directors of the Owner's Association shall have the right to reallocate up to 10% by line item of the budget allocation within the budgeted categories. Any change

will be approved by the Owners' Association Board of Directors and submitted within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code. The overall budget shall remain consistent with this Management District Plan. Each assessed parcel pays for 100% of the special benefit received based on the level of benefit received. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget. The carryover funds will be applied to the same budget line item as the line item that was the source of the carryover funds. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the Annual Planning Report each year. District funds may be used for renewal. Funds from an expired District shall be rolled over into the new District if one is established or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671. The estimate for assessment funds carried over from the current Greater South Park Business Improvement District to the first year 2023 budget is \$50,000. The amount of actual prior year carryover funds, if any, from the 2022 budget will be applied to the 2023 District budget. The funds will be applied to the same budget line item in 2023 as the line item in 2022 that was the source of the carryover funds. Carryover funds from 2022, if any exist, are projected to be from the clean and safe line item. Therefore, the Clean and Safe budget line item of \$2,536,980.68 could increase to as much as \$2,586,980.68 if the total \$50,000 carryover becomes a reality and is totally from the Clean and Safe line item.

	2023	2024	2025	2026	2027	2028	2029
Clean & Safe	\$2,536,980.68	\$2,663,829.71	\$2,797,021.20	\$2,936,872.26	\$3,083,715.87	\$3,237,901.67	\$3,399,796.75
Marketing & District Identity	\$671,778.25	\$705,367.16	\$740,635.52	\$777,667.30	\$816,550.66	\$857,378.19	\$900,247.10
Administration & Management	\$522,990.10	\$549,139.60	\$576,596.58	\$605,426.41	\$635,697.73	\$667,482.62	\$700,856.75
Total Budget	\$3,731,749.03	\$3,918,336.48	\$4,114,253.30	\$4,319,965.97	\$4,535,964.27	\$4,762,762.48	\$5,000,900.61
Assessable Budget	\$3,685,181.07	\$3,869,440.12	\$4,062,912.13	\$4,266,057.73	\$4,479,360.62	\$4,703,328.65	\$4,938,495.08
Other Revenues**	\$46,567.96	\$48,896.36	\$51,341.18	\$53,908.23	\$56,603.65	\$59,433.83	\$62,405.52
Total Revenues	\$3,731,749.03	\$3,918,336.48	\$4,114,253.30	\$4,319,965.97	\$4,535,964.27	\$4,762,762.48	\$5,000,900.61

*Assumes 5% yearly increase on all budget items. Note: Any accrued interest or delinquent payments will be expended in the above categories.

** Other non-assessment funding to cover the cost associated with general benefit.

Section 4 Assessment Methodology

In order to ascertain the correct assessment methodology to equitably apply special benefits to each assessed parcel for property related services as proposed to be provided by the Greater South Park Business Improvement District, benefit will be measured by parcel size in Zones 1, 3, and 4, square feet of building size in Zones 1, 3, 4, residential condominium zone and front footage in Zones 1-4. Special circumstances, such as a parcel's location within the District area and need and/or frequency for services, are carefully reviewed relative to the specific and distinct type of programs and improvements to be provided by the District in order to determine the appropriate levels of assessment. Special benefit means, for purposes of a property-based district, a particular and distinct benefit conferred on real property located in a district over and above any general benefits to the public at large. For a definition of special benefits see the Engineer's Report page 17.

The methodology to levy assessments upon real property that receives special benefits from the improvements and activities of the Greater South Park Business Improvement District is Parcel Square Footage, Building Square Footage and Street Front Footage as the three assessment variables. Parcel Square Footage is relevant to the highest and best use of a property and will reflect the long-term value implications of the improvement district. Building Square Footage is relevant to the interim use of a property and is utilized to measure short and mid-term special benefit. Street Front Footage is relevant to the street level usage of a parcel.

Services and improvements provided by the District are designed to provide special benefits to the mix of commercial, retail, industrial, residential, mixed-use, office, non-profit, convention facility, sports facility and publicly owned parcels. The use of each parcel's Parcel Square Footage in Zones 1, 3, 4, Building Square Footage in Zones 1, 3, 4, and residential condominium zone, and Street Front Footage in Zones 1-4 is the best measure of benefit for the programs because the intent of the District programs is to improve the safety of each individual parcel, to increase building occupancy and lease rates, to encourage new business development and attract ancillary businesses and services for parcels within the District. In other words, to attract more customers, residents, patrons, tenants, clients and or employees. The best way to determine each parcel's proportionate special benefit from the District programs is to relate each parcel's Parcel Square Footage, Building Square Footage and Street Front Footage to every other parcel's Parcel Square Footage, Building Square Footage and Street Front Footage.

Parcel Square Footage Defined. Parcel Square Footage is defined as the total amount of area within the borders of the parcel. The borders of a parcel are defined on the County Assessor parcel maps.

Building Square Footage Defined. Building Square Footage is defined as gross building square footage as determined by the outside measurements of a building.

Street Front Footage Defined. Properties are assessed for all street frontages. Properties with more than one street frontage such as corner lots or whole block parcels are assessed for the sum of all the parcels' street frontage. Linear Frontage Footage was obtained from the County Assessor's parcel maps.

Parking uses will be subject to one of the following methodologies:

- Parking garages that serve exclusively as employee and/or customer parking with no other public parking allowed, shall be assessed only for parcel square footage and street front footage. Their parking garage building areas shall not be assessed.
- All other parking garages shall be fully assessed for building area, land area and street frontage at the respective Zone assessment rates.

Calculation of Assessments

The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of an improvement or the cleaning and operation expenses of an improvement or the cost of the property service being provided. Due to the proportionate special benefits received by these individual parcels from the District services, these parcels will be assessed a rate which is proportionate to the amount of special benefits received. Only special benefits are assessable, and these benefits must be separated from any general benefits. The Engineer's report has calculated that 1.25% of the programs provided by the District provide general benefit. Assessment revenue cannot be used to pay for general benefits. (See page 17 of the Engineer's Report for discussion of general and special benefits) The preceding methodology is applied to a database that has been constructed by the District Owners' Association and its consultant team. The process for compiling the property database includes the following steps:

- Property data was first obtained from the County of Los Angeles Assessor's Office.
- A database was submitted to the City Clerk's office for verification.
- A list of properties to be included within the District is provided in Section 7.

Assessable Footage

	Zone 1	Zone 2	Zone 3	Zone 4	Res Condo Zone
Building Square Footage	3,240,924	0	2,898,500	11,794,138	2,216,961
Parcel Square Footage	708,441	0	1,362,153	4,701,403	0
Front Footage	6,583	7,749	13,696	52,556	0

Benefit Zones

The State Law and State Constitution Article XIIID require that special assessments be levied according to the special benefit each individual parcel receives from the improvements. In order to match assessment rates to benefits, 5 benefit zones have been created within the District. Each zone receives a different level of services and a different level of special benefit. Each zone pays an assessment rate that reflects 100% of the special benefit received.

The levels of appropriate service delivery were determined by analyzing historical data on the amount of clean and safe services delivered to parcels, current service delivery needs and projecting future needs over the term of the District in order to produce a common level of safety and cleanliness for each assessed parcel throughout each zone in the District. Each zone's assessment rate was calculated by determining the expense for the services provided in that area and then spreading the

expenses over the total assessable footage for that zone.

Zone 1 represents all identified assessed parcels within the Staples Center and LA Live parcels. The need for a higher frequency of services is based upon the high-density sports facility, tourism related, entertainment related and activities that require daily special benefit services to respond to the needs of each of these identified assessed parcels to mitigate the impact of high volumes of visitors and sports facility patrons. The residential condos within Benefit Zone 1 will derive a different type and higher frequency of special benefit services as articulated in the explanation on pg.18. Therefore, property owners in Zone One will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

Zone 2 identified assessed parcels are to be found in the immediate area owned and operated by the Los Angeles Convention Center. These parcels are generally bounded by the 110 Freeway from Chick Hearn Court to the Santa Monica 10 Freeway and along Venice Boulevard from the 10 Freeway to Figueroa Street. The Convention Center requires special benefit services delivered only on their periphery based upon the usage of the Center for various conventions throughout the year. Special benefit services will be provided along the periphery of the Convention Center, particularly along Figueroa Street, scheduled to coincide with the size of the various conventions and special events that are held at the Center. When conventions are not using the Center, sidewalk sweeping services will be provided regularly along the periphery of the Convention Center identified assessed parcels including the following streets: Figueroa Street, Venice Boulevard, LA Live Way, Chick Hearn Court, Pico Boulevard between Figueroa Street and the 110 Freeway, except parcel number 8940-356-003, which is operated by the Staples Center. Therefore, property owners in Zone 2 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

Zone 3 includes almost exclusively commercially zoned parcels abutting Staples Center and LA Live, oriented along the east side of Figueroa Street and the north side of Olympic Boulevard. These parcels experience intense pedestrian and commercial activity. Many Zone 3 parcel uses relate very directly to the Staples Center, LA Live and/or the Convention Center. Zone 3 identified assessed parcels have programs and services at a lower frequency than those in Zone 1. Regular sidewalk operations services shall be allocated to these identified assessed parcels at a frequency less than Zone 1. These identified assessed parcels are located along the north side of Olympic Boulevard between the 10 Freeway and Figueroa Street. Zone 3 parcels also include those identified assessed parcels that front along Figueroa Street from the southern corners of the intersection of James M. Wood Boulevard and 9th Street running southward along the east side of Figueroa Street up to the 10 Freeway. The residential condo identified assessed parcels within Zone 3 will derive a different type and higher frequency of special benefit services as articulated in the explanation on pg. 18. Therefore, property owners in Zone 3 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

Zone 4 includes a mix of commercially zoned parcels and high-density residentially zoned parcels (most of which have ground-floor commercial uses and/or parking) oriented along the north-south corridors of Flower Street, Hope Street, Grand Avenue, Olive Street, Hill Street and Broadway. Zone 4 identified assessed parcels have programs and services at a lower frequency relative to Zones 1 and 3, based upon the lower demand of the identified assessed parcels fronting along the public rights of way. The residential condominium identified assessed parcels within Zone 4 will derive a different type and higher

frequency of special benefit services as articulated in the explanation on pg. 18. Otherwise, the identified assessed parcels will receive special benefit services based upon a lower frequency of services than Zones 1 and 3. Therefore, property owners in Zone 4 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

Residential Condominium Zone Assessments: Residential condominium building area is a direct measure of the static utilization of each condominium unit (parcel) and its corresponding impact or draw on District funded activities. The vast majority of residential condominium parcels and units are newer residential condominiums. Residential condominium zone parcels will proportionately specially benefit from PBID funded programs and activities, but differently than commercial parcels. The building area assessments for residential condominium parcels shall be assessed at \$0.4628 per square foot of condominium unit building area. This assessment rate structure is commensurate with the types of special benefit services and programs provided by the District for the special benefit of residential condominium parcels and complexes. Residential condo parcels are assessed differently than multi-unit, for-rent apartment buildings, due to the frequency of special benefit services required by each parcel. The residential condo parcels will receive the highest frequency of clean and safe services and will be the only parcels to receive enhanced services described in the Service & Improvement Plan on pg. 18. The multi-unit apartment buildings are commercial properties in which the tenant and landlord have a business relationship. Multi-unit apartment buildings are required to have a business license to operate in the City of Los Angeles and these residential apartment buildings can be bought or sold just as commercial buildings can be bought and sold. In addition, apartment tenants can be evicted by a property owner, something that sets them apart from residential condo unit parcels. Their stake, and therefore their special benefit, are of a different nature and is very similar to a commercial property owner and a tenant. Therefore, residential condominium property owners will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

The following chart identifies each program budget that is allocated to each zone.

	Zone 1	Zone 2	Zone 3	Zone 4	Condo Zone	Total
Clean & Safe	\$341,731.30	\$86,003.65	\$372,175.07	\$1,030,775.25	\$706,295.42	\$2,536,980.68
Marketing & District Identity	\$90,488.53	\$22,773.28	\$98,549.87	\$272,943.50	\$187,023.06	\$671,778.25
Administration & Management	\$70,446.77	\$17,729.36	\$76,722.65	\$212,490.88	\$145,600.44	\$522,990.10
Total Budget	\$502,666.59	\$126,506.29	\$547,447.58	\$1,516,209.63	\$1,038,918.93	\$3,731,749.03
Assessable Budget	\$496,393.89	\$124,927.64	\$540,616.06	\$1,497,289.07	\$1,025,954.41	\$3,685,181.07
Other Revenue	\$6,272.70	\$1,578.65	\$6,831.52	\$18,920.56	\$12,964.52	\$46,567.96
Total Revenues	\$502,666.59	\$126,506.29	\$547,447.58	\$1,516,209.63	\$1,038,918.93	\$3,731,749.03

Assessments

Based on the special benefit factors and assessment methodology discussed in the Engineer’s Report on page 17, Parcel Square Footage, Building Square Footage, Street Front Footage and the proposed budget, the following illustrates the first year’s maximum annual assessment. Assessment rates are rounded off to the fourth decimal place and a parcel’s assessment may vary slightly when calculated using the assessment rates below.

Assessment Rate Calculation

The Zone 1 assessment rate is determined by the following calculation:

Zone 1 Assessment Budget = \$496,393.89

Assessment Budget allocated to Building Square Footage @ 55% = \$273,016.64

Assessment Budget allocated to Parcel Square Footage @ 14% = \$69,495.14

Assessment Budget allocated to Street Front Footage @ 31% = \$153,882.11

Zone 1 Building Square Footage Assessment Rate-

Assessment Budget \$273,016.64 / 3,240,924 Building Sq Ft = \$0.0842

Zone 1 Parcel Square Footage Assessment Rate-

Assessment Budget \$69,495.14 / 708,441 Parcel Sq Ft = \$0.0981

Zone 1 Street Front Footage Assessment Rate-

Assessment Budget \$153,882.11 / 6,583 Front Ft = \$23.3757

Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of building, 5,000 square feet of parcel, and 100 linear feet of street front footage, multiply the Building Square Footage (5,000) by the Assessment Rate (\$0.0842 = (\$421.00) + multiple the Parcel Square Footage (5,000) by the Assessment Rate (\$0.0981) = (\$490.50) + multiple the Front Footage (100) by the Assessment Rate (\$23.3757) = (\$2,337.57) = Initial Annual Parcel Assessment (\$3,249.07).

The Zone 2 assessment rate is determined by the following calculation:

Zone 2 Assessment Budget = \$124,927.64

Assessment Budget allocated to Street Front Footage @ 100% = \$124,927.64.

Zone 2 Street Front Footage Assessment Rate-

Assessment Budget \$124,927.64 / 7,749 Front Ft = \$16.1218

Sample Parcel Assessment

To calculate the assessment for a parcel with 250 linear feet of street front footage, multiply the Street Front Footage (250) by the Assessment Rate (\$16.1218) = Initial Annual Parcel Assessment (\$4,030.45).

The Zone 3 assessment rate is determined by the following calculation:

Zone 3 Assessment Budget = \$540,616.06

Assessment Budget allocated to Building Square Footage @ 50% = \$270,308.03

Assessment Budget allocated to Parcel Square Footage @ 20% = \$108,123.21

Assessment Budget allocated to Street Front Footage @ 30% = \$162,184.82

Zone 3 Building Square Footage Assessment Rate-

Assessment Budget \$270,308.03 / 2,898,500 Building Sq Ft = \$0.0933

Zone 3 Parcel Square Footage Assessment Rate-

Assessment Budget \$108,123.21 / 1,362,153 Parcel Sq Ft = \$0.0794

Zone 3 Street Front Footage Assessment Rate-

Assessment Budget \$162,184.82 / 13,696 Front Ft = \$11.8418

Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of building, 5,000 square feet of parcel, and 100 linear feet of street front footage, multiply the Building Square Footage (5,000) by the Assessment Rate (\$0.0933) = (\$466.50) + multiple the Parcel Square Footage (5,000) by the Assessment Rate (\$0.0794) = (\$397.00) + multiple the Front Footage (100) by the Assessment Rate (\$11.8418) = (\$1,184.18) = Initial Annual Parcel Assessment (\$2,047.68).

The Zone 4 assessment rate is determined by the following calculation:

Zone 4 Assessment Budget = \$1,497,289.07

Assessment Budget allocated to Building Square Footage @ 50% = \$748,644.53

Assessment Budget allocated to Parcel Square Footage @ 20% = \$299,457.81

Assessment Budget allocated to Street Front Footage @ 30% = \$449,186.72

Zone 4 Building Square Footage Assessment Rate-

Assessment Budget \$748,644.53 / 11,794,138 Building Sq Ft = \$0.0635

Zone 4 Parcel Square Footage Assessment Rate-

Assessment Budget \$299,457.81 / 4,701,403 Parcel Sq Ft = \$0.0637

Zone 4 Street Front Footage Assessment Rate-

Assessment Budget \$449,186.72 / 52,556 Front Ft = \$8.5468

Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of building, 5,000 square feet of parcel, and 100 linear feet of street front footage, multiply the Building Square Footage (5,000) by the Assessment Rate (\$0.0635) = (\$317.50) + multiple the Parcel Square Footage (5,000) by the Assessment Rate (\$0.0637) = (\$318.50) + multiple the Front Footage (100) by the Assessment Rate (\$8.5468) = (\$854.68) = Initial Annual Parcel Assessment (\$1,490.68).

Residential Condominium Zone assessment rate is determined by the following calculation:

Residential Condo Zone Assessment Budget = \$1,025,954.41

Assessment Budget allocated to Building Square Footage @ 100% = 1,025,954.41

Residential Condominium Zone Building Assessment Rate-

Assessment Budget \$1,025,954.41 / 2,216,961 Building Sq Ft = \$0.4628

Sample Parcel Assessment

To calculate the assessment for a parcel with 1000 square feet of building, multiply the Building Square Footage (1,000) by the Assessment Rate (\$0.4628) = Initial Annual Parcel Assessment (\$462.80).

Maximum Annual Assessment Adjustments

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. Assessments may be subject to annual increases not to exceed the assessment rates in the table below for any given year. Increases will be determined by the Board of Directors of the District Owner's Association and will vary between 0% and 5% in any given year. The maximum increase for any given year cannot exceed 5% in that year. Any change will be approved by the Owner's Association Board of Directors and submitted to the City within its annual planning report,

pursuant to Section 36650 of the California Streets and Highways Code.

The projections below illustrate a maximum 5% annual increase for all assessment rates.

Budget Adjustments

Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year’s budget. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. District funds may be used for renewal. The estimated budget surplus amount will be included in the annual report each year. Funds from an expired District shall be rolled over into the new District if one is established or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

If an error is discovered on a parcel’s assessed parcel square footages or building square footages, the District may investigate and correct the assessed footages after confirming the correction with the L.A. County Assessor Data and City Clerk’s office. The correction will be made in accordance with the assessment methodology and may result in an increase or decrease to the parcel’s assessment.

Future Development

As a result of continued development, the District may experience the addition or subtraction of assessable footage for parcels included and assessed within the District boundaries. The modification for parcel improvements within the District, which changes upwards or downwards the amount of total footage assessed for these parcels will, pursuant to Government Code 53750, be prorated to the date they receive the temporary and/or permanent certificate of occupancy and will be billed directly by the City for the prorated year. Parcels that experience a loss of building square footage need to provide notice of the change to the District by April 1st of each year. Any delinquent assessments owed for the modification of assessable footage that was billed directly by the City will be added to the property tax roll for the following year as delinquent.

In future years of the BID term, the assessments for the special benefits bestowed upon the included BID parcels may change in accordance with the assessment methodology formula listed in the Management District Plan and Engineer's Report, provided the assessment rate does not change. If the assessment formula changes and increases the assessments, then a ballot as defined in Article 13 Section D of the State Constitution will be required for approval of the formula changes.

Assessment Appeal Procedure

Property owners may appeal assessments that they believe are inaccurate. Appeals must be in writing, stating the grounds for appeal and filed with the Owners Association prior to April 1 of each year. Appeals shall be limited to the current assessment year. Any appeal not filed by April 1 shall not be valid. In any case, appeals will only be considered for the current year and will not be considered for prior years.

Time and Manner for Collecting Assessments

As provided by State Law, the District assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. The Los Angeles City Clerk's office may direct bill the first year's assessment for all property owners and may direct bill any property owners whose special assessment does not appear on the tax rolls for each year of the BID term.

The assessments shall be collected at the same time and in the same manner as for the ad valorem property tax paid to the County of Los Angeles. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

However, assessments may be billed directly by the City for the first fiscal year of operation or for changes to assessments that occur during an assessment year and are prorated for a part of the year, and then by the County for all subsequent years. Any delinquent assessments owed for the first year will be added to the property tax roll for the following year as delinquent. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax. The property owner means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the County. The City of Los Angeles is authorized to collect any assessments not placed on the County tax rolls, or to place assessments, unpaid delinquent assessments, or penalties on the County tax rolls as appropriate to implement this Management District Plan.

Disestablishment

California State Law Section 36670 provides for the disestablishment of a District. Upon the termination of this District, any remaining revenues shall be transferred to the renewed District, if one is established, pursuant to Streets and Highways Code Section 36660 (b). Unexpended funds will be returned to property owners based upon each parcel's percentage contribution to the total year 2022 assessments if the District is not renewed.

Bond Issuance

The District will not issue Bonds.

Public Property Assessments

There are 12 publicly owned parcels in the District, 9 of which are identified as assessable and for which special benefit services will be provided. Of the 9 identified assessed parcels, 5 are owned by the City of Los Angeles, 1 by the Los Angeles Water & Power Department, 1 by the Los Angeles Metro Transit Agency and 2 by the Los Angeles Unified School District (LAUSD).

One of the LAUSD parcels is an adult continuation school and LAUSD provides their own on-campus and perimeter security services with LAUSD Police personnel. No District security services will be provided to this LAUSD owned parcel. District assessments for this LAUSD owned parcel has been adjusted to reflect the actual District funded services and corresponding special benefits that will be conferred on this LAUSD parcel.

Of the 3 non-identified exempt parcels, 1 is owned by the State of California and 2 by the United States Government. There are special circumstances affecting the levy of District assessments on certain publicly owned parcels as follows: The State of California operates and provides regular 52 weeks a year full on-site and perimeter security and streetscape services for this State-owned parcel similar to the security and streetscape services provided by the District. Because of the exemption, District services and programs that would specially benefit this parcel, will not be provided and the assessment amount will be \$0. The U.S. Federal Government has declared that parcels owned by the U.S. Federal Government are exempt from local property assessments pursuant to the Supremacy Clause of the U.S. Constitution. Because of the exemption, District services and programs that would specially benefit this parcel, will not be provided and the assessment amount will be \$0.

All publicly owned parcels will pay their proportional share of costs based on the special benefits conferred to those individual parcels. See Engineer's Report page 27 for publicly owned parcels special benefit designation. Article XIIIID of the California Constitution was added in November 1996 and provides for these assessments. It specifically states in Section 4(a) that "Parcels within a district that are owned or used by any agency...shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit." Below is a list of the publicly owned parcels and their respective assessments.

Section 5 District Rules and Regulations

Pursuant to the Property and Business Improvement law of 1994, as amended, a business improvement district may establish rules and regulations that uniquely apply to the District. The District has adopted the following rules:

- **Competitive Procurement Process**
The Owner’s Association shall develop a policy for competitive bidding when purchasing substantial amounts of services, products and/or equipment. The policy will aim to maximize service, quality, efficiency and cost effectiveness.
- **Treatment of Residential Housing**
In accordance with Section 36632 (c) of the California Streets and Highways Code, properties zoned solely for residential or agricultural use are conclusively presumed not to receive special benefit from the improvements and service funded through the assessments of the District and are not subject to any assessment pursuant to Section 36632 (c). Therefore, properties zoned solely for residential or agricultural use within the boundaries of the District, if any, will not be assessed.
- **Renewal**
District funds may be used for renewing the District. District rollover funds may be spent on renewal.

Section 6 Implementation Timetable

The Greater South Park Business Improvement District is expected to be established and begin implementation of the Management District Plan on January 1, 2023. Consistent with State law, the Greater South Park Business Improvement District will have a seven-year life through December 31, 2029.
