Comments for Public Posting: End the Mandates ! "Proof of Vax" is a violation of our right to privacy and right of informed consent. It's coercion driven by fear and loss of livelihood. It's bad for our physical and mental health, and if that's not bad enough, it's BAD FOR BUSSINESS. End this NOW. ~ Thank You ~ Be Free !

Comments for Public Posting: Please lift the vaccine mandate for indoor businesses. There has been no affect on case of vaccination rates, and LA is the only city in the US right now I believe that still has it. LA businesses are losing money to surrounding areas that don't have these restrictions.

Comments for Public Posting: Please end the requirement for proof of vaccination to enter establishments. I have not been vaccinated due to a health condition but was a frequent patron of restaurants and cultural establishments in Los Angeles prior to Covid-19. They are losing customers due to this draconian, divisive, and non-inclusive requirement. I have not contracted Covid so it is nonsensical as well.

Comments for Public Posting: I urge you to end the “vaccine proof” requirement. It is discriminatory, violates privacy and is unnecessary. Thank you.

Comments for Public Posting: Vote to end city vaccine requirement for ALL businesses to align with the county. The rest of the country and world are largely doing away with this draconian out of date and discrimanatory practice. The vaccines are a failure at stopping transmission and infection rates so there is no reason to burden the public and business with showing papers to access businesses. Nor is a negative covid test a reliable and cost effective alternative. We are in an endemic. Let's behave as such.

Comments for Public Posting: Agenda Item #37 Stop requiring proof of vaccine for indoor locations. Additionally, it's ridiculous that kids at the city's recreational centers are forced to mask indoors during dance class! No more indoor mask mandates for adults or kids! If the CDC, and state and county health departments have lifted the mask mandates for all ages indoors whether vaccinated or not, then you need to follow that! Align with public health!

Comments for Public Posting: The SafePassLA ordinance will go down in history as one of the worst actions taken during the pandemic. Based on "hope," not science, this order was discriminatory, ineffective, and the perfect example of our city's panic to try and stop an unstoppable respiratory virus. All the city accomplished was the degradation of our civil rights and the destruction of trust so many had in government and public health. Remove SafePassLA and LEARN from these mistakes.

Comments for Public Posting: Please remove vaccine passport requirements for indoor activities. Vaccinated people can still get and spread Covid. So this does not insure the safety of anyone. It just causes discrimination.

Comments for Public Posting: The indoor vaccine mandate and passport requirement is discriminatory and unscientific. Even if it were acceptable to discriminate against people for their health choices, the mandates can't be justified because unvaccinated people don't pose any more of a risk to others than vaccinated people. Now that almost all Covid infections are with the Omicron variant it can't be demonstrated that the unvaccinated are more likely to contract the virus than the vaccinated. Unvaccinated people have never been more infectious than the vaccinated.

Comments for Public Posting: Vaccine mandates disproportionately affect persons of color, as they are less likely to be vaccinated. End the segregation. Vaccines have proven to be ineffective against transmission and hospitalization at the least and quite possibly dangerous; hence the reluctance of many. Indoor spaces should be enjoyed by all, regardless of their private medical status. Testing is impractical and useless as it is expensive and has many false positives. Therefore, let's go back to the way things were before Covid, when people had autonomous rights and privacy.
