Comments for Public Posting: My name is Alexandra Suh. I am executive director of KIWA. I live and work in CD10. I want to express my strong support for the LA Fair Workweek Ordinance (FWW). Our retail and grocery workers deserve access to high quality jobs and scheduling stability that affords them a good quality of life, positive work-life balance, dignity, and respect. We look forward to Los Angeles joining other major cities that have passed fair scheduling policies, including New York City, San Francisco, Seattle, Philadelphia, and Chicago. Our essential workers in the retail and grocery industry should not have to keep facing the same challenges that they did prior to the pandemic. Thank you.

Comments for Public Posting: Councilmembers: I am writing to express my strong support for the LA Fair Workweek Ordinance (FWW). Thank you for your hard work and attention to this issue. As you doubtless know from the research by know, unfair scheduling practices -- especially in retail -- have been linked to a host of negative health and economic outcomes for workers and communities. I have been surprised that L.A. -- which is so often a standard-setter when it comes to worker protections -- has fallen so far behind other major U.S. cities on a fair scheduling policy, a policy already shown to be effective. Please move forward so that our gratitude to "essential workers" is material, and not simply "thoughts and prayers." Thanks, Jon
