Comments for Public Posting: PLEASE END the COVID-19 eviction moratorium. It has been over 2 years. This is hurting small landlords such as myself and my family. My tenants continue to abuse this moratorium while working 100% through this pandemic while my family and I struggle to continue to pay the mortgage and keep food on the table. My tenants bought new cars and went on fancy vacations while not paying their full share of rent owed during this period of time. Two years is plenty of time for people to get on their feet. The access to treatments and the vaccines should allow this moratorium to end. Please think about the families whom have struggled to keep their properties while being forced to provide free housing and not being able to take control of their own property. Please do the right thing. It has been over two years!
