April 21, 2022

Honorable Members of the Budget & Finance Committee
Office of the City Clerk
200 N. Spring Street, City Hall, Room 395
Los Angeles, CA 90012

Dear Honorable Members:

BUREAU OF ENGINEERING FISCAL YEAR (FY) 2022-23 PROPOSED BUDGET

Engineering continues to serve the needs of our constituents in the context of our changing work environment. The Mayor's Proposed Budget (Budget) supports Engineering's intent to meet the increasing demand for our services by investing in our workforce.

The Budget includes positions in the Public Buildings and Open Spaces Program for the decarbonization of existing and new City buildings. Additionally, the Development Services and Permits Program will be able to provide additional case management and acceleration for housing development permits, and enhance services for Department of Water and Power utility permits. The Budget also contains additional positions in the Mobility Program for the Affordable Housing and Sustainable Communities grant projects and the Federal Infrastructure Bill. Engineering looks forward to working with our City partners to initiate this work and in the future to request additional staffing resources.

Lastly, I want to thank the dedicated Engineering employees who continue to demonstrate their commitment to delivering the highest quality services to the residents of the City of Los Angeles.

Sincerely,

Gary Lee Moore, PE
City Engineer
