**Comments for Public Posting:** People who live in these areas do not want this! None of the council-reps are listening to the fact that all shelters in District 11 have proven a total negative impact to the community - No boundaries for repulsive transient behavior in public, no barrier to open air drug abuse, no consequences or deterrents for violence, property damage and assault from people that have no limits or penalties for destructive behavior!!!! The City of LA has a double standard when it comes to homeless people versus tax paying residents. The City has proven it cannot and will not apply the law to homeless people for illegal drug abuse, trash and garbage of streets while neighborhoods are forced to subsidize their existence and clean up after them. We have had enough!!! We are seriously tired of bolstering those who need to put in the effort to help themselves, but, don't! This motion is yet another of the many violations of trust by these council members - Bonin, Raman and the other two who, actually do not and have never represented constituent interests at all. It's become a tired game of rallying to protect our community from these constant corrupted policy pushers and false representation of residents such as displayed by these liars who insist on pushing motions that NO ONE in their Districts, with encampments and problem homeless sites, voted for.
