Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 22-0496

Agenda Date: 6/9/2022

Item Number:

Summary: This project was considered by the Venice Neighborhood Council (VNC) in 2021. At that time our council disapproved of the project unless it had considerable changes. Since that time, the city has heard public comment from the developer about changing who the proposed occupants of the project will serve, their source(s) of funding and overall density, exterior characteristics, parking ratios, setbacks and other features that all impact the local community have occurred. However, after requesting the developer share the revised proposal with the VNC so we could reevaluate the proposed project, they have declined. This non transparent process has kept our community in the dark about many of the details that we objected to in the original project. Please allow a 60 day delay and ask the developer to return to the community with a complete set of plans and detailed description of this project before taking any action. This will allow ample time for our neighborhood council to reconsider this project and submit a revised CIS. Sincerely, James Murez Venice NC, President Original CIS submitted to CF: 21-0829-S1
