**Comments for Public Posting:** I oppose this and ask that all council members vote no and to do not approve this. Removing community review of homeless projects should not and should never be considered and public input should be received on the any proposed locations and the impact to the immediate and surrounding community. I also oppose any proposal to make temporary or interim homeless shelters permanent. Making temporary shelters permanent by right would be a slap in the face to stakeholders who trusted elected officials that the shelters would not be made permanent without prior public input.
