Comments for Public Posting: Please lift the 'temporary' moratorium of the last 28 months as soon as possible. There is no longer a Covid emergency which was what the original intent of these tenant protections were for. The County & City has humiliated my family as my tenant takes liberty in living for free and rubbing in his tenant-protections in our faces every chance he has. The tenant has on numerous occasions self-proposed and extorted us for a large 5-figure cash-4-keys deal. This is what the City Council has created, disgusting, awful professional tenants, whom will likely go on and do this to the next landlord. Please end this moratorium non-sense now so small mom & pop landlords can resume their legal duties of properly operating a small and modest rental.
