Summary: While the Greater Toluca Lake Neighborhood Council supports the right to shelter, the GTLNC opposes this motion as presently written. The above referenced City Council Motion is too broad and contains no opportunity for community input. We request of the LA City Council that any changes to the LA Municipal Code NOT BE IN R1 and R2 zones. We request that the City Council amend this legislation to more carefully limit the type of properties and institutions that may utilize this zoning exception and to require local review and input into any proposed project. We request that a staff report include a list of homeless shelters and their locations that currently exist and/or are proposed in the City of Los Angeles.
