Comments for Public Posting: I support LA Zoo Initiative 1.5. My recommendations are to make the zoo more affordable for local Angelenos. It should not be a luxury for families to be able to visit the zoo. I would also add more volunteer programs for students and seniors. I would also recommend adding more cooling stations and picnic areas around the park.

Comments for Public Posting: I support Alternative 1.5 and its commitment to expanding conservation, preserving animal welfare, improving sustainability efforts and equity. As a former Angelo who visited the L.A. Zoo with their family throughout their childhood, it is meaningful to see that this project is lead with the same long-instilled values and culture of the institution. I look forward to seeing the new exhibits and safe operations for our community to engage with in the coming years.
