**Comments for Public Posting:** The following of you are criminals and cowards for continuing to extend an unconstitutional eviction moratorium, Mike Bonin being the biggest criminal of them all. You all know what the right thing to do is, but you haven't done it. You're like the Republican senators who did not vote to impeach Trump. You're cowards: Bob Blumenfield Mike Bonin (There's a reason why you were a drug addict. Cognitive dissonance.) Gilbert A. Cedillo (The lesser of two evils between Eunice Hernandez) Kevin Deleon (I grew up poor too, on food stamps, but didn't look for handouts. I got a Pell grant, but have paid back in taxes.) Marqueece Harris-Dawson Paul Koretz Paul Krekorian Nury Martinez Mitch O'Farrell Curren D. Price Nithya Raman Monica Rodriguez Herb Wesson You all belong in jail for financially ruining middle class rental property owners. They worked hard to buy properties, only to have you thieves take it all away.

**Comments for Public Posting:** End The Eviction Moratorium in the City of Los Angeles NOW!!! You are exercising imminent domain without reimbursement. You are stealing my home! You are forcing me to support squatters who are taking advantage of the system!!! I am paying my mortgage, utilities, swimming pool service, and gardening services for your free loaders. I've had Covid-19 and I am sick, and I have been affected but you are being biased and one-sided. I have a family to support and yet I have not received a single penny from the Local, State, and Federal government while you have allowed these tenants to stay rent free at my home for two years!! I bought my house with money that I saved for the last 30 years of a lot of hard work, sometimes sweating 'till 3AM painting my house, and borrowing money to make repairs to rent my house so that I could make ends meet. Over a year ago, one of the tenants assaulted me when I attempted to collect money for rent and utility bills. I attempted to evict them, but the judge and the tenants' attorney laughed at me saying that the tenants did not have to leave and they did not have to pay rent either due to the LA City Eviction Moratorium. By the way, these tenants have not been affected by Covid-19 because they have not stopped working, they have bought new SUVs, and they are constantly on vacation traveling to other states. One of the tenants is a CNA, the second is a plumber, the third is a mechanic who is trying to become a U.S resident, and the fourth is his wife who works as a cashier at a market. Two of the tenants even has investment accounts, while I have taken multiple personal loans to pay for my mortgage and utilities. Do you think that is fair? The tenants are having weekend parties every weekend from Friday to Monday with lots of beers, music from stereo sound systems at full blast, AC and lights on all day and night, televisions on all day, crowds of their guests coming in and out of my swimming pool enjoying life. The Lease expired over a year ago, and the tenants have not paid for rent or utilities since then. The property is registered with LARSO, and you are protecting these squatters. I am your constituent!!! I am not a big company, and you are taking away the food away from my children's plates because I still have a mortgage to pay, and utilities to pay so that the squatters that you are supporting can have a good life. If you want to support these squatters so that they can keep living at your expense then bring

them to your home or to your relatives homes!!! YOU HAVE  
FAILED ME AND ALL MOM AND POP LANDLORDS!! IT IS  
TIME TO END THIS INJUSTICE!!

**Comments for Public Posting:** What the City Council is doing to my family is torture. There has not been a single day in the last 30 months where I have not thought about the City eviction moratorium. It is absolutely demoralizing, embarrassing, and destructive to be forced to indefinitely support another segment of society. I like to pick my own charities, otherwise this is just plain stealing. Stop stealing our homes. Everybody has return to normal business operations, except ME.

**Comments for Public Posting:** THIS IS A CALL TO ACTION TO HELP THE MOM AND POP LANDLORDS AND END THE LA CITY MORATORIUM AT ONCE! We have been neglected and have struggled in silence for the past two years as you have allowed these squatters, SCAMMERS rather to enjoy our home rent free! I am a single mother who have been breaking my back working tirelessly for the past 25 years. I have made a lot of sacrifices in my life just to buy a small house that I could rent out just to break even with the mortgage. Yet you have allowed these scammers to live at my house rent free!!! How would you vote if this is actually happening to you or your family members? This is a nightmare I can not wake up from. The stress that you have put me and my family through are unfathomable not knowing where I'm going to get the money to pay for my mortgage next month! I am about to lose my house that i have worked so hard for my entire life! You have been so unfair with us!!! To top it all off - these people were not even affected by covid. You have made it so easy for these scammers to prosper and laugh at the failed system you support and yet you are punishing the people who have worked so hard to obtain a small property — This is our home and we want it back!!!
