Dear Mr. Moklebust:

I am writing with respect to the proposed street name change of Bailey Street in Boyle Heights, adjacent to Mariachi Plaza, to what will become "Vicente Fernandez Street" to honor of the late entertainer's legacy and impact on the residents of Los Angeles. I am requesting that BOE immediately begin the process to rename Bailey Street to "Vicente Fernandez Street" between 1st Street on the south to Pennsylvania Avenue on the north.

All the impacted property owners have been notified about the proposed name change. None have expressed opposition to the name change. Each has been requested to sign consents but have not yet responded. Therefore, my office would like to proceed with the process as we continue to engage with the businesses and the community.

Sincerely,

A handwritten signature in black ink that reads "Kevin de León". The signature is stylized with a large, flowing "K" and a cursive "de León".
