Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Thomas Fukuman
2313 W. 170th St.
Torrance, CA 90504

Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

Please vote against the proposed STAP contract with Tranzito-Vector, LLC on Wednesday.

The STAP Program would install unwanted and unsafe digital signage in the public right of way. It doesn't actually provide transit riders with adequate shade and shelter because the total number of proposed shelters will cover LESS THAN HALF of the transit stops. The proponents offer the goofy statistic that it provides 75% of riders in each council district with a proposed shelter, but this doesn't translate to providing the riders most in need with shelter.

Please vote against adopting the CEQA findings as conveyed by the Board of Public Works.

Please vote against the IS/MND as presented.

Please vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

Please demand additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders, and the programs offered.

Please consider the effect that the proposed advertising program will have on the City's ability to regulate off-site signage (including billboards) within the framework of past Court rulings.

Please ask the Dept. of Transportation to provide you with an analysis of the current studies showing how drivers are distracted by changing digital billboards.

How can you vote to approve a contract that has never been released? The revised red-line version of the contract showing changes made by the CAO's office has never been provided to the public.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for considering my opinion.

Sincerely,
Robert Aronson

Having formerly lived in West Hollywood, where these sorts of screens are a distraction and eyesore, please do not place them everywhere. Folks need a respite from the SELL SELL SELL mentality. Unless, you tone the light levels down, and make them ONLY for PSA's, please do not do this!

RE: CF 20-1536 and 20-1536-S2

Please vote NO on the proposed STAP contract with Tranzito-Vector, LLC currently under consideration. The contract as presented does not meet the needs of transit users like myself. It prioritizes digital electronic advertising revenue over actually providing enough safe, adequate shelter structures. The contract itself was developed and revised without transparency -- and the environmental impacts and distractions to drivers have not been studied. This contract must not be approved and we want a full environmental impact study to be performed. Who will be accountable for the pedestrian vs. vehicle collisions that arise from implementation of these highly distracting advertising structures -- they certainly are not designed for the needs of transit users.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage

(including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Ashley Pease
5057 Topeka Dr
Tarzana, CA 91356

Subject: Public Comments on CF 20-1536 and CF 20-1536-S1

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Tony Grijalva
3236 Velma Drive
Los Angeles, CA 90068

The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Jane Wingfield

Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

RE: CF 20-1536 and 20-1536-S2

1. I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.
2. I further urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.
3. In addition, I request that you vote against the IS/MND as presented and the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

Th proponents have presented a woefully inadequate financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards and, especially, those that emit light) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Pamela Haddad
5655 Bowesfield St
Los Angeles, CA 90016

 Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
 To: City Clerk <CityClerk@lacity.org>

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Lynda Cook
26508 Sheldon Ave

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

1. I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.
2. I further urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.
3. In addition, I request that you vote against the IS/MND as presented and the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

Th proponents have presented a woefully inadequate financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards and, especially, those that emit light) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Debbie Hennessey

RE: CF 20-1536 and 20-1536-S2

GREETINGS,

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

To: City Clerk <CityClerk@lacity.org>

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Katherine Poole

RE: CF 20-1536 and 20-1536-S2

As a longtime Angelino, I write to URGE YOU TO VOTE AGAINST the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I URGE you to vote AGAINST adopting the CEQA findings as conveyed by the Board of Public Works.

I URGE you to vote AGAINST the IS/MND as presented.

I URGE you to vote AGAINST the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I URGE you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I URGE you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I URGE you to request the Dept. of Transportation to REVIEW current studies related to DRIVER DISTRACTION and CHANGING digital billboards.

I URGE you to release a RED-LINE VERSION of the contract showing CHANGES made by the CAO's office.

The STAP Program will introduce more UNWANTED and UNSAFE digital signage to LA neighborhoods and public rights of way while FAILING to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the NEW program?

Thank you for your attention and consideration.

Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
 Laura Velkei

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

 Subject: Question regarding posting in Council File
 To: Clerk - CityClerk <CityClerk@lacity.org>

I would like to know why, when my message to your office was posted in a council file as requested, that my personal email address was also included. I was under the impression that when messages are posted to council files that email addresses are not included. At least that has been my experience to date.

Please see: https://clkrep.lacity.org/onlinedocs/2020/20-1536-S1_pc_08-09-22.pdf. Is it possible to remove my email address from the post in the relevant council file posts?

STAP Program Council File Numbers: CF 20-1536, CF 20-1536-S1
 IKE:
 Metro Transit Communications Network: CF 22-0392, CF 21-0600-SI 10

Thank you,

Barbara Broide

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract, Council member offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Nancy Hubbs-Chang
77 Patrician Way 3C
Pasadena, CA 91105

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
To: City Clerk <CityClerk@lacity.org>

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
John MILLER
928 Oak Ridge Rd
Los Gatos, CA 95033

To: City Clerk <CityClerk@lacity.org>

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Ann Hickey

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Susan von Manske

To whom it may concern:

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.
